POLICE QUIET DEMOCRATIC CONVENTION

Lie Passed Between Return Judges at Greensburg.

TOO MANY VOTES AT PRIMARIES

Many More Ballots Cast Than Were Given to Bryan.

COMMITTEE MAY CHANGE RETURNS

[SPECIAL TELEGRAM TO THE GAZETTE.]

Greensburg, Pa., June 16.—Every- body was looking for trouble when the Democratic convention of return judges opened this afternoon, and they were not disappointed. It was the liveliest gathering of the kind ever held here, and had it not been for the timely appearance of the chief of po- lice and three or four of his lieuten- ants it is believed that a riot of a seri- ous character would have occurred.

The purpose of the convention was to tabulate the vote cast for the candi- dates for county commissioner at Sat- urday's primaries. An organization was effected by the election of James K. Clarke as president and T. C. Martin and Bales McColly as vice presidents. Capt. John B. Keenan and his friends were in absolute control of the meeting.

It had been claimed that R. N. Gay was nominated for commissioner and a part of the opposition to his candidacy admitted that if all the votes said to have been cast for him were of the legal kind he would certainly have been one of the nominees. But under the new rule of the party no more votes were to be counted for a candidate than were cast in the various districts at the last presi- dential election. Whenever more votes would appear they were promptly set aside. Invariably that action would af- fect Mr. Gay's chances as a winner.

Vote Caused Confusion.

Trouble began with the presentation of the Arnold vote. There were 221 votes cast for Gay and Mowry. About 50 were cast for Bryan in 1900. Objection was filed, and amid the wildest confusion the contest was referred to a committee headed by H. S. Ackerman and J. B. Keenan.

When Bridgeport was called John Y. Woods objected to the vote and a citizen of that district showered upon him the ugliest epithets he could think of. In- tense excitement followed the passing of the lie between Chairman Clarke and W. A. Griffith. Mr. Clarke read a protest from Idlewild. Griffith challenged the reading of the protest and Clarke declared that the man who said he did not read the protest as written was a liar. Grif- fith yelled, "You lie!" and it was then that the dispute took on a serious aspect.

After the shaking of fists and a general passing of the lie and other terms around the hall the matter was settled without bloodshed.

In all there were about 18 districts re- ferred to the contest committee, and as a result about 1,000 votes alleged by the Gay people to belong to him were held up for the present. The committee has the power to throw them all out. The tally of the vote, therefore, as made at the convention, places Mowry and Funk in the lead for commissioners. While the Gay people hope for better things, they admit that the odds are against them.

There is no appeal from the decision of the contest committee, and as the rule touching the casting of more votes than there are Democrats in voting precincts has evidently been violated, the situation looks extremely bad for Gay and his friends.

Washington County Ticket.

WASHINGTON, PA., June 16.—(Spec- ial.)—The Democratic convention of Washington county met today. J. Car- ter Judson of this place was elected chairman. The chief interest centered in the nominations for commissioner, there being four candidates. The nominees were W. H. Ecker, Washington, and J. B. Gibson, Carroll township. Thomas P. Sloan of Washington, an incumbent, who, it was thought, would secure the nomina- tion, ran last on the ticket. It is said he was knifed on account of his leaning toward the Republicans. The other can- didate was D. C. Vester, Washington.

For assembly Dr. L. G. Botkin, Bur- gettstown; J. W. Day, Morris town- ship, and Samuel Amspoker, Washington, were named. J. B. Hallan of South Strabane township and Alexander Be- bout of Blaine township were named for auditors. Candidates for the other of- fices are to be named by the county com- mittee. The delegates to the state con- vention were uninstructed and the indi- cations are that they will support Pat- tison for governor.

HARRISBURG, June 16.—(Special.)— The leaders of the Meyers and Fritchey factions of the Dauphin county Dem- ocracy have adjusted their differences of a year's standing and will make a united effort at the state convention at Erie on June 25, for the nomination of Mayor Vance C. McCormick for governor. Both factions have agreed to the changes in party rules ordered by the state commit- tee last April and County Chairman Thomas, who was deposed by the com- mittee at that time, will be reinstated.

FIRED THE JAIL.

When Negro's First Attempt to Es- cape the Gallows Failed He Tried Suicide.

ELLICOTT CITY, MD., June 16.—John Johnson, a negro murderer who is to be executed Friday, today fired the jail and hanged himself in his cell. Johnson set fire to his clothing, which he piled against woodwork of his cell. The warden dis- covered the blaze and extinguished it be- fore any great damage was done.

Shortly after locking the man in an- other cell the attendants found Johnson hanging from a beam. He had used his suspenders as a noose.

When cut down he fought the jailers viciously and endeavored to butt out his brains against the walls. A straightjacket was put on the prisoner.

Johnson and another negro, Frank Jones, are to be hanged on Friday for the murder in March of Israel Padetsky, a jewelry peddler.

MISS MABEL HANNA WEDS A SECRETARY OF THE SENATOR

The Couple Will Spend Their Honeymoon in the Bride's Cottage at the "Soo."

EMINENT MEN SEND GIFTS

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cleveland, O., June 16.—About 80 guests, including the close friends and relatives, assembled at the home of Senator and Mrs. Hanna this after- noon to witness the marriage of their daughter, Miss Mabel Hanna, to Harry Parsons. The house had been beau- tifully decorated with flowers, sweet peas, the favorite blossom of the bride, being everywhere predominant.

Promptly at 4:30 o'clock, to the strains of the wedding march from Lohengrin, the bridal party moved down the stairs to the drawing room, where

MISS MABEL HANNA,
Who Became Mrs. Harry Parsons Yes- terday.

Bishop Leonard of the Episcopal church stood behind an altar that was almost hidden by flowers.

The bride was escorted by her father. She wore a gown of ivory white satin and a long veil caught by a coronet of or- ange blossoms. She carried a bouquet of illies of the valley and wore diamond and pearl ornaments. Her maids were Miss Ruth Hanna and Miss Lucia Mc- Curdy, the latter her cousin. They looked lovely in white lace gowns made over silk. They carried sweet pea bouquets. The groom was attended by George Tillman of New York.

The ceremony was simple. At its con- clusion dinner was served, the bride and groom and their party being seated at a table which was fairly smothered in flowers. Tonight the young couple left by steamer for Sault Ste. Marie, where the honeymoon will be passed in the bride's own cottage.

The presents filled the library at the senator's home. Gifts came from Secre- tary Hay, Secretary Shaw, Postmaster General Payne, Senator Wetmore, Sen- ator Platt of New York, Cornelius N. Bliss, Gen. Horace Porter, ambassador to France, and many others.

The groom for some time past has acted as one of Senator Hanna's secre- taries.

KING'S CONDITION IS MUCH IMPROVED

Edward VII. Has a Good Trip From Aldershot to Windsor Castle.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, June 17.—King Edward bore yesterday's journey to Windsor well, but it was decided that he should not go to Ascot today. Queen Alexandra, how- ever, accompanied by the prince and princess of Wales and other members of the royal family will attend the races in state.

The prince of Wales, conversing with the mayor of Windsor upon his arrival there yesterday evening, said:

"King Edward caught a chill in the stomach; but is much better, however, although he will have to be careful. His majesty is still troubled with slight pain."

Sir Francis Laking, physician in ordi- nary to the king, and who has been in constant attendance upon his majesty since he became indisposed at Aldershot, is pleased to get King Edward to Wind- sor castle, where he can receive better attention than at Aldershot.

King Edward has lately undergone a regular course of massage for rheum- atism, which has troubled him as a result of the bad weather. After arriving at Windsor castle last evening his majesty was able to walk about the castle and re- ceive the guests.

At Lloyds yesterday there was a big rise in the premiums on the king's life and upon the chances of his being crowned June 26.

ALDERSHOT, ENGLAND, June 16.— The indisposition of King Edward and the incessant downpour of rain combined to effectually spoil the grand review of troops here today. The king did not leave the royal pavilion, and was repre- sented by the prince of Wales, who rode to the saluting point accompanied by the duke of Connaught and a brilliant staff, comprising several Indian princes, the military attaches, Lord Roberts, the commander-in-chief, and the head- quarters staff.

STEEL COMBINE LOSES INITIAL LEGAL BATTLE

Temporary Injunction Is Made Permanent, but Appeal Is Taken.

END IS EXPECTED IN A FORTNIGHT

Chancellor's Decision Mean- while Will Work No Hard- ship to Corporation.

SMALL EFFECT UPON THE STOCK MARKET

[SPECIAL TELEGRAM TO THE GAZETTE.]

New York, June 16.—Vice Chancel- lor Emory, in Newark, N. J., today gave an oral opinion, making perma- nent the temporary injunction secured a week ago by Miriam Berger of Sul- livan county, New York, restraining the United States Steel Corporation from retiring $200,000,000 of preferred stock and issuing $250,000,000 of bonds instead. R. V. Lindabury, counsel for the corporation, gave notice of appeal.

The decision of the vice chancellor practically had no effect on the com- pany's stock on the market, the fluctua- tions being only fractional.

In his opinion the vice chancellor held that the retirement of preferred stock constituted a preferential reduction of the corporation's capital among those assent- ing to the plan and a corresponding im- pairment of the right of those not assent- ing. According to the vice chancellor's decision, preferred stock holders have vested property rights which cannot be impaired by a board of directors without the consent of the holders of preferred shares.

The decision carried no apparent con- cern to officials of the combine. A repre- sentative of J. P. Morgan & Co. said this afternoon that an appeal had already been taken and that since proceedings move swiftly in matters of this charac- ter he thought it probable that a reversal will be had within two weeks. There seems not to be the slightest doubt among official interests that the conversion will stand the final test of law. Meanwhile it is denied that the injunction granted today will work any hardship upon any interest involved, or even embarrass the combine in its undertaking.

F. L. Stetson, personal counsel to J. P. Morgan, and one of the counsel to the United States Steel Corporation, said:

"An appeal has been entered from the judgment of the court. The argument on the appeal will be heard by the court of errors and appeals of New Jersey about the last of next week. Further than this we are unable to say exactly what course will be followed."

It was said today that before the case was argued last week before the vice chancellor counsel on both sides agreed that whichever side won an appeal should be taken at the earliest possible moment and be prosecuted to the court of last re- sort. This prompt action precludes the possibility of the case and the legal ques- tions involved being kept open and unde- cided indefinitely.

HELD RESPONSIBLE FOR A BIG FAILURE

Receivers of Defunct Insurance Com- pany Sue Reeder, Clarency, Boyer and Others.

[SPECIAL TELEGRAM TO THE GAZETTE.]

PHILADELPHIA, PA., June 16.—Bank- ing Commissioner Reeder, State Repre- sentative James Clarency, ex-Mint Direc- tor Henry K. Boyer, Isaac Collins, Rob- ert Anderson and Charles F. Walter are defendants in a suit brought by the re- ceivers of the State Insurance Company, which transacted business until 1896.

According to the plaintiffs the company had debts upward of $100,000, while the first account of the receivers showed $22,546 61 for distribution. Added to the latter sum, the receivers said, were as- sets upon which they would not be able to realize more than $35,000, and that the deficiency would be more than $50,000.

The receivers blamed the insolvency on the defendants' acts. They had lent $37,000 of the corporation's money, the receivers assert, to members of the board of directors on mortgages and ground rents that were insufficiently secured, and assigned $10,000 in ground rents to one of their number in consideration of retiring his stock. The suit was brought to recover these amounts.

The trial was begun today and the first witness called was Gen. Reeder. He denied all knowledge of any conspiracy to use the company for personal benefit.

"The company did not prove very bene- ficial to me," he said, "for I lost $10,000 in it."

Clem. Klausner Read His Own Obituary for the Second Time.

Clem. Klausner, a Turtle Creek tailor, read his obituary yesterday for the second time. He laughed over it heartily and said he hoped that he could read it again before he really died.

Klausner lives in Wilkinsburg. Last week he was ill; not at all dangerous, but too sick to be at the shop and it was consequently closed. Toward the last of the week it was reported that Klausner was dead and on Friday somebody placed a black bordered card on Klausner's shop.

The card read that Clem Klausner had died at his home in Wil- kinsburg and that the funeral would be on Monday. On Saturday morning one of the longest and leading items in the Turtle Creek paper was the obituary of "Clem Klausner, 50 years of age, who de- parted this life at his home in Wilkinsburg last Thursday." Every- thing good possible was said of him and if a stranger had read it he would have thought that the leading merchant of Turtle Creek had passed away.

Yesterday morning early a number of Klausner's friends secured carriages and made arrangements to go to the funeral. About the time they were to start Klausner appeared at his shop, took down the card and opened up. The friends who were to go to the funeral gath- ered at the shop and there was a general rejoicing. Klausner told them that he was real sorry that they were not to have a ride, but he was real glad that he was not to lead the procession. He also told them that many years ago, before he left Germany, he was once reported as dead and that a paper published his obituary. "It vos not so goot as der von now," he said.

A Hard Candidate to Match.

CLUE FOUND THAT MAY CLEAR THE PALM MYSTERY

The Woman Who Is Sus- pected of Murder, Rode to the East End.

ALL TRACE OF HER LOST AFTER THAT

The first clue to the mysterious woman who is alleged to have poi- soned Sullivan H. Palm in the Boston house on Friday morning has been found. After leaving the lodging house she took car No. 97 of the Cen- ter and Larimer line and went out to the Twenty-first ward. She acted in a suspicious and nervous manner dur- ing the ride and left the car at May- flower street. She was noticed by the conductor and the motorman on ac- count of her strange actions. The de- tectives and the deputy coroners are working on the case and yesterday the first trace of the woman was obtained by Deputy Coroner Huchel. After the woman left the car all trace of her is lost. The detectives were working in the neighborhood of Mayflower street last night.

At 1:45 on last Friday morning a woman came hurriedly out of Market street to Fifth avenue. The Center and Larimer car was waiting at the corner. Conductor S. V. Kennedy of No. 3360 Ridge street was on the platform and noticed the woman. The motorman, Patrick Maloney, was sitting inside of the car awaiting the signal to start. This car leaves Fifth avenue at 1:52.

When the woman boarded the car she attracted the attention of these men on account her dress and the glasses she wore. She resembled a school teacher, according to Conductor Kennedy. She im- mediately went to the left side of the car and sat in the front corner, where she re- mained until she reached Center avenue, when she shifted to the other corner. There were about 10 passengers in the car at the time.

During the ride she seemed nervous and apparently was watching for some- one to board the car, whom she did not care to see. Several times policemen jumped on the car to ride a square or so and she always turned her face toward the front window.

When she reached Frankstown avenue she removed her glasses. At Shetland avenue the car stopped for three minutes. Conductor Kennedy and Motorman Ma- loney stepped inside the car and sat down. She inquired of them when the car would start and they told her. She said that she believed she would walk. They both assured her they would reach Mayflower street before she would and for her to remain on the car. She did so, and got off the car at Mayflower street.

When she left the car at this place she went in a northerly direction. This was the last seen of her. Yesterday morning these two men and L. C. Cunningham and E. J. Daldauf were summoned to appear before Coroner McGeary and tell what they knew of the case. Daldauf and Cunningham stated that they had carried a woman of this description be- fore. She always boarded the car at Fifth avenue and Wood street.

These four men say she rode on their car on two different occasions last week. The description given by them corre- sponds exactly with the description given by the night clerk at the lodging house and the guest, W. Scott Besser, who saw the woman pour the white powder in a glass of liquid and give it to Palm.

Coroner McGeary is determined to locate this woman if it is possible. Cor- oner's Physician Walter E. McCandless told him again yesterday that Palm died of opium poisoning.

A Wylie Avenue Shooting.

O. E. Gibson of No. 1433 Wylie avenue, a colored fireman of No. 2 chemical com- pany, shot at I. Brook of No. 47 Crawford street, last night at 7 o'clock, in the res- taurant of W. T. Branch at No. 1410 Wylie avenue. The shot missed Brook and entered the wall. Both men were placed under arrest and charged with being suspicious persons. Gibson claims that Brook slandered Mrs. Gibson.

PAYMENT TO GOMEZ WAS NO BRIBE, BUT A PROPER PENSION

Secretary Root Takes Full Re- sponsibility and the War De- partment Explains It.

FACTS GIVEN YEARS AGO

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., June 16.—Secre- tary Root has assumed full responsi- bility for the payment of money to Gen. Gomez by Gen. Wood during the American occupation of Cuba, and if congress asks for an explanation of the matter he stands prepared to fur- nish what he regards as the most con- vincing proofs that the payments were dictated by the wisest statemanship.

According to figures of official rec- ord, $19,000 were paid to Gen. Gomez out of the funds of Cuba during nine months of 1899 and 1900, and in addition to this he was provided with a house. The official explanation given by Secre- tary Root is that these payments were a sort of provision for that aged soldier.

At the war department a high official thus stated the position of the department in the matter:

The conditions in Cuba two years ago were precarious. Not a Cuban believed that the United States government ever would with- draw from Cuba, and the half-famished vet- erans of the Cuban army were in a dangerous mood and clamoring for their pay. Gen. Gomez was the head and front of their army, and had served the revolutionary cause as its principal leader without having received a cent of pay. Gen. Wood thought, and Secre- tary Root thought afterward, that Gen. Gomez was entitled to consideration; to a home, which was supplied him, and in which he en- tertained his comrades, and to an income, which last might be set down as a small off- set to the money due Gomez from the Cuban republic.

That the Cubans themselves regarded the matter in the same light, was shown by the passage by the present Cuban congress, among the very first of its acts, of a bill providing a liberal pension for Gen. Gomez. It is be- lieved that but for their assumption of the costs of Gomez's living expenses, the conditions in Cuba might have paralleled those in the Philippines, and the United States govern- ment, after fighting Spain to secure freedom for the Cubans, might have been obliged to turn on them the force of her armies.

The necessity being present, then, in Secre- tary Root's view, the only other point was the legality and propriety of the payments. He soon satisfied himself that there was not the slightest doubt on that score. The mili- tary governor was obliged to assume the re- sponsibility for his disbursements and to exer- cise his discretion. Gen. Brooke did this, and after him Gen. Wood, and Secretary Root now fully approves of everything they did, includ- ing the payments to Gomez.

It is pointed out at the war department as a curious fact that congress has been in full possession of the information that Gomez had been receiving these payments for no less than two years past. The war department that fall back submitted to congress the full statement of all ex- penditures in Cuba and included in the list was a statement of the payments to Gen. Gomez.

FORTS AND WARSHIP SHELL REVOLUTIONISTS

Venezuela Rebels Open Engagement by Attacking the Port of Caracas.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

WILLEMSTAD, ISLAND OF CURA- COA, June 16.—Advices received here an- nounce that the Venezuelan revolution- ists attacked La Guaira, the port of Caracas, on June 7. The government forces answered by shelling Maiquetia, a suburb of La Guaira, from the forts ashore and from the Venezuelan war- ship Miranda. Many peaceful women were killed.

All the commercial houses at La Guaira were closed on the day of the bombard- ment and the inhabitants were panic striken.

Eventually the revolutionists, who numbered about 400 men, were repulsed. They destroyed the bridge at Boqueron, on the Caracas (English) railroad, and stopped all traffic for 12 hours. They also cut the French cable and the tele- graph wires. The people of Caracas were thrown into a state of alarm and every- one began buying provisions, apprehend- ing a siege.

The situation in Venezuela as these ad- vices were dispatched indicated that a crisis was near. A Dutch warship and the German cruiser Falke left Curacao for La Guaira.

NEW RIVAL FOR THE MEAT TRUST HAS BEEN BORN

Local Provision and Ice Company Has Been Chartered.

PLANT IS LOCATED IN THE EAST END

The H. C. Cyphers Provision and Ice Company, chartered in Harrisburg yesterday, will become a new rival to the meat trust. The company is issu- ing stock in the sum of $500,000, and there will be a bond issue in the same amount, or something near it, to cover the investment in the plant. The plant will be the most extensive and com- plete in this section of the country.

Among the heavier shareholders and directors of the company are H. C. Cyphers, the head of H. C. Cyphers & Co., owning live stock and abattoir inter- ests in the East End, and who was the head of the East End Provision Com- pany, the plant of which was destroyed by fire some time ago; A. H. Wilson, T. M. Gambel, Conrad Yeager and W. J. Metzger, all of Pittsburgh; G. H. B. Martin of Camden, N. J.; and S. E. Low- ery of Wilmerding. The company has organized with Mr. Wilson as president and Mr. Cyphers as secretary and treas- urer.

The company will soon have in com- plete operation one of the best equipped and most modern ice, cold storage and packing plants in the country. The plans for this were drawn by J. C. Comstock, architect, of Chicago. The floor area in the new buildings amounts to four acres. Work already done has involved an ex- penditure of over $350,000.

The ice plant has a capacity for pro- ducing 100 tons of artificial ice daily. Much of this will be used in the cold storage department of the building and the rest will be sold in the Pittsburgh market. The beef department will have capacity for handling 200 head of cattle daily. The hog scraper department is equipped to kill a swine each minute. The buildings of the company have been completed. They are located in Penn avenue, one block east of Station street, and have a frontage of over 140 feet in Penn avenue and extend back 280 feet.

AMERICAN SOLDIERS TERRIBLY MUTILATED

Seven Bodies Recovered and a Num- ber of Ladrones Have Been Arrested.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

MANILA, June 16.—The bodies of the sergeant, two corporals and four privates of the Fifth cavalry, who were captured May 30 by Ladrones at Bhangonan, Rizal province, have been recovered. Most of the bodies had been hewn limb from limb and it was found impossible to rec- ognize four of the dead men.

A number of arrests in the matter have been made and nine men have been absol- utely identified as belonging to the band of Ladrones which captured the Ameri- cans. The identified men include two members of the police force of Teresa, Morong province.

The American soldiers were buried to- day together. It was impossible to make separate interments.

Christian Science Made Legal.

BOSTON, June 16.—Important meetings were held today by the Christian Scien- tists. During the day it was announced that the supreme court of Zurich, Swit- zerland, had given a decision in a case which practically put Christian Science on a legal footing there. The case orig- inated in appeals from fines imposed on practicing Christian Scientists.

USED POLICE TO ENFORCE VACCINATION

Three Hundred Residents of Jones Avenue Made Immune.

CORPS OF DOCTORS TO BE INCREASED

Plans of Health Officials to Compel Citizens to Submit to the Virus Point.

A MAXIMUM FINE OF $50 FOR THOSE WHO RESIST

Forcible vaccination was resumed in this city yesterday. Three hundred residents in Jones avenue were com- pelled to submit themselves to the virus point. While this crusade was in progress the thoroughfare was cor- raled by a squad of police, while six physicians went among the residents and vaccinated them. There was some resistance on the part of these residents, but the sight of the police caused them to bare their arms.

Today the corps of physicians will be increased. Ten doctors will now comprise the vaccinating force. All residents liv- ing within 200 yards of an infected house will be vaccinated or be subjected to a fine and imprisonment. Smallpox has reached an alarming stage in this city and the health officers are determined to check the epidemic at any cost. No dis- tinction will be recognized by the health officers. All classes will be treated alike.

Robert Jackson, colored, 21 years old, of No. 526 Stocholm street, was taken to the Municipal hospital yesterday after- noon suffering from smallpox. He was seen by a physician in the downtown sec- tion of the city yesterday at noon. The physician was suspicious of his appear- ance and accosted him in the street. He told Jackson that he was going to be a sick man, and that he should go to his home immediately.

Jackson did as he was told and the physician notified City Physician B. A. Booth. The latter went to Jackson's resi- dence and found him ill with the disease. The ambulance was summoned and he was taken to the hospital.

Harry Smith of Francis street, 3 years old, was also taken to the hospital. He has been in a quarantined house and smallpox developed yesterday. There are nine people in quarantine in this house. Neither of these victims was ever vac- cinated.

Trying to Stamp It Out.

Director A. H. Leslie of the department of public safety is making every effort to prevent the spreading of smallpox in this city. Yesterday he notified Dr. Booth to put on an extra force of men to look after smallpox cases. During the day 4,000 persons were vaccinated in this city by the district physicians of the de- partment of charities and corrections. The proclamation issued by Director Leslie on Sunday is already having its effect, and there were 300 persons as- sembled at the Safety building yesterday to be vaccinated.

There is still a disposition among some people to disregard the act of assembly regulating the health of the city, and they refuse to be vaccinated. The objection was not only made by the residents in Jones avenue, but by some of the resi- dents in the East End district. In this section of the city three houses are in quarantine. According to the act of as- sembly the district physician is vested with the authority to vaccinate all per- sons living within 200 yards of the af- fected house.

A district physician called at several of these adjoining residences yesterday and was confronted with an objection on the part of the inmates. They refused to be vaccinated, but after some contro- versy, they submitted. In other instances the residents demanded that their family physicians should vaccinate them.

Servants Were Included.

In these cases the district physician sent word to the private doctor and re- ceived his assurance that he would vac- cinate the family at once. The servants were also compelled to submit them- selves to the virus point. After July 16 it is the intention of the health officers to enter the houses in the affected dis- tricts of the city and vaccinate the in- mates. No one will be excepted in this crusade, unless he has recently been vac- cinated. Persons will not be allowed to send for their private physician, but will have to submit to smallpox doctors. In the meantime the district physician will notify the residents in his district to come to him at once and submit them- selves for examination. If he thinks it is necessary they should be vaccinated he will perform that operation at once. If they have been vaccinated he will issue them a certificate to that effect.

Director A. H. Leslie said yesterday that extreme measures must be resorted to now. The epidemic has such a hold in this city that it is alarming. The number of cases may be checked by the health officers during the summer, but it is so prevalent in some parts of the city that another outbreak is almost certain next fall.

Vested With Authority.

The health officers are vested with the authority to act in this forcible manner. According to the act of assembly of 1835, they can enter any house in the city and vaccinate the inmates. If the people manifest a disposition to resent the entrance of the physicians, they are liable to a fine of not more than $50 or less than $5. In addition to this they can be sent to the workhouse from 10 to 90 days, according to the discretion of the director of the department of public safety.

According to the act of assembly the information is to be made by the health officer or inspector. He is vested with the power to make information before any alderman or justice of the peace. Superintendent A. J. Pitcairn of the bureau of health said yesterday that he intended to make no distinction whatever. All classes and grades of people will be treated the same. Wealth or influence will make no difference whatsoever with him in this attempt to check the epi- demic.

William and Frank Schlogoskey, Wash- ington street, Etna, were discovered to have smallpox yesterday. Two cases were also found in Millvale. One is a child of Joseph Ledick and the other a child of K. Schlagle.

BOSSES REFUSE TO OBEY ORDERS TO LEAVE MINES

Operators Report More Men at Work Yesterday Than There Were Saturday.

NON-UNION MEN ATTACKED

Number of Small Shooting Affrays in Anthracite Region, but No One Hurt—Winifred Miners Join the Strikers in West Virginia.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Wilkesbarre, Pa., June 16.—The sixth week of the anthracite coal miners' strike began today without a ripple to disturb the calmness of the situation. Rain fell nearly all day, which helped to keep the more than 150,000 idle men and boys indoors. Several reports of assault on workingmen and coal and iron policemen were received here from different sections of the region, but no one was seriously injured. Most of these attacks occur under the cover of darkness or at starting time in the morning.

It was expected that today would witness the refusal of a large number of fire bosses and other mine bosses to go to work, but the best information obtainable shows that the number of men who quit was not large. In fact several of the mining superintendents in this region asserted they had more men at work at the engines and pumps than they had last week. President Mitchell and other labor leaders question this assertion and claim that nearly half of the men who were at work on Saturday refused to go into the collieries today.

Casper Clark of Toledo, O., president of the International Team Drivers' association, came in for some attention by labor leaders today. He submitted to an interview in which he said his organization would do all it could to help the striking miners. He said he will make a thorough canvass of the region to learn the sentiment of his men, which will help to guide the national association if the miners should ask the teamsters for help.

Plans to Help Strikers.

There was a revival today of the story that the central Pennsylvania soft coal miners will be called out very soon, but President Patrick Gilday of the central Pennsylvania district threw cold water on the proposition. He reiterated what he had said yesterday that the central Pennsylvania men would not be called out except as an extreme measure. He thought a curtailment of soft coal production in his district would be a more likely action. Some of the miners in his region, he said, have already suggested to him that the number of days' work each week be cut down to three, four or five, thus cutting off a considerable supply of soft coal that is coming east.

ALTOONA, PA., June 16.—Regarding the statement made by President Patrick Gilday of this district that little or no soft coal is being shipped from here to the anthracite field, William McPherson, president of a sub-district in this district, says that before the strike was inaugurated the men of this district were working but four days a week, on an average. Ever since the strike the men have been working full time. A meeting of the sub-district presidents has been called for Wednesday at Clearfield. The meeting is regarded as important.

SCRANTON, June 16.—A veritable cloudburst occurred here this evening, flooding cellars and causing the river to rise in a threatening manner. Rain is still falling heavily, and should it keep up at the present pace until morning the river will overflow its banks and reach many of the mine openings.

Charles Robinson, the Delaware & Hudson watchman who was shot at Oliphant Saturday night, will recover. He is unable to throw any light on the mystery of the shooting. All he remembers is that he felt a stinging sensation in the breast and then lost consciousness.

A magistrate today fined four strikers $25 each for threatening workmen.

HAZLETON, June 16.—The Rev. J. V. Hussie, pastor of St. Gabriel's church, today offered to place 12 Sisters of Mercy in the public schools of Hazleton township during the vacation period and hold school for the benefit of the striking breaker boys. The proposition will be considered at a meeting of the township board later in the week.

Injunction Against Strikers.

PARKERSBURG, W.VA., June 16.—Judge Jackson in the United States court today granted an injunction against striking miners and all others to prohibit them from interfering in any way with the miners who are at work at the plant of the Merchants Coal Company at Tunnelton. United States Marshal Elliott and deputies left tonight to serve the injunction.

CHARLESTON, W. VA., June 16.—The Winifred miners went out today for the first time in the history of the mines, and it is believed that Marmet people will follow tomorrow, making the most complete tie-up ever known in this region. The action of the Winifred people is considered significant, as it is not believed they would have come out had they not believed their action would end the strike. The railroads are discharging train crews and confiscating what little coal is mined for their own use.

ROANOKE, VA., June 16.—According to advices received by the Norfolk & Western Railway Company today the only deviation from the usual quiet that has prevailed in the Pocahontas coal region since the strike was inaugurated was the parade of several bands of strikers throughout the fields this morning. Most of them were accompanied by bands and some of the men were armed. No serious trouble is anticipated. The numerous meetings of the miners on Sunday and the marching squads this morning have had the effect of somewhat checking the large number of men who have been returning to work.

FIREBRICK COMBINE NEARLY COMPLETED

The New Corporation Will Be Known as the Harbison-Walker Refractories Co.

The new firebrick consolidation, to take over 30 per cent of the production capacity of brick in Western Pennsylvania is nearing completion. The company will issue stock and bonds aggregating $25,750,000. The new concern, the promoter of which was Thomas L. Chadbourne, Jr., of Chicago, will be known as the Harbison-Walker Refractories Company, the name being in deference to the large interest of the Harbison-Walker Company of Pittsburgh. It is said that the manufacturers have already oversubscribed the stock issue by $2,000,000.

Bonds for $4,500,000 will be issued. These will be 20-year bonds at 5 per cent. Of this amount $1,500,000 will be issued to refund the bonds issued by the Harbison-Walker Company. There will be $8,600,000 of 6 per cent cumulative preferred stock and $14,250,000 in common stock.

Among the members of the directorate will be H. F. Bigler, H. W. Croft, P. H. Wigton, George Reese, S. C. Walker, R. W. Fredericks, Alexander Paterson, Moore Fredericks, S. F. Harbison, F. N. Seeley, W. N. Stanton and Thomas L. Chadbourne, Jr.

MACHINE FIGHTS REFORM BILLS

ATTEMPT TO INCREASE CITY REVENUE BITTERLY OPPOSED.

Ordinance Introduced in Common Council to Advertise for Bids for Garbage Contract—Probably Means Opposition to Charles Flinn.

It not being a question of providing revenue for placing machine adherents in office, Max G. Leslie, Joseph G. Armstrong and William Brand protested loudly in common council last night against measures to increase the city revenues by reducing the pay of machine officeholders.

When an ordinance was presented to force coal dealers to furnish purchasers with tickets showing the weight of the coal they bought, and thus prevent dishonest dealers from swindling the poor man, the heart of hearts of these three workingmen bled afresh, and they did their best to prevent the ordinance being adopted. When an ordinance was offered providing for revenue officers, among whose duties would be one to see that police magistrates did not secretly remit the fines of ward heelers, the ordinance was criticised as taking money from the taxpayer, while its intention is to stop well-known leaks in the revenue that have been going on under machine rule.

Five ordinances were called up. One of them was passed finally. An effort made to pass the second under a suspension of the rules failed. The four, however, passed second reading. The first was for the taxation of switches at $75 a year. This ordinance was passed finally without opposition. The next ordinance fixed the salary of dockmaster at $900 a year. Mr. Leslie declared the city's revenue from the dock was only $3,200 a year, which as a revenue measure would only be a drop in the bucket. W. H. Stevenson said he would admit the revenue from this source would be small, but it was along the line of the other revenues to be raised. Mr. Armstrong scoffed at the idea of paying a dockmaster only $900 a year, because Pittsburgh was now looked upon as a "black sheep city." Mr. Brand said he was opposed to anything that makes the laboring man pay the revenues.

Ordinance Fails to Pass.

An effort to pass the ordinance upon third reading and final passage was lost by a vote of 27 to 12. The vote was as follows:

Ayes—Messrs. Baldauf, Barker, Beehner, Beckert, Brown, D. E. Crawford, Fitzpatrick, Hughes, Jack, Lamb, Lauler, David Lewis, Martin, Nichols, Thomas O'Brien, Schad, Schuck, Shaw, Shearer, Soffel, Sterrett, Stevenson, Walls, Woods, Wymard, Zenger, President Crawford—27.

Noes—Messrs. Armstrong, Barr, Bonini, Brand, Cavett, Hogue, Leslie, John Lewis, McNally, Rodgers, Schwarzwaelder and Sheehan, 12.

The ordinance fixing the salary of city gauger at $1,500 a year and of his assistant at $1,000 a year reached second reading.

Mr. Brand was on his feet when the ordinance providing for the weighing of coal by retailers and the imposing of a small fee was called up. He declared everyone who burns coal would be compelled to pay the revenue under the ordinance, especially the poor man, who bought 10 bushels of coal, and not the manufacturer, who gets his coal by the car or boat load. Mr. Leslie contended it simply meant to extort money from the poor. Dr. F. Crawford said the ordinance was intended to obtain proper weights. Mr. Stevenson said that judging from the remarks of some of the members it seemed to be a disgraceful act to raise the revenues of the city. The ordinance passed second reading.

Machine Fought Hard.

When the ordinance providing for the employment of four revenue officers by the controller came up Mr. Stevenson mentioned among other things that the officers would go to the police stations and see that the fines of the offenders were paid.

Mr. Leslie said that judging from Mr. Stevenson's remarks the revenue officers were to "sneak around and see if the police maginstrates are honest."

Mr. Stevenson said he made no such insinuation. Mr. Brand spoke ironically of a "poor man's" ordinance that tends to employ more men."

John P. Sterrett said that to protect the poor man the office of delinquent tax collector might be better abolished, but the machine councilmen were discreetly silent. Thomas M. Brown declared it was odd that those who were now supporting the "poor man" were not favorable to him before.

An ordinance transferring $7,500 from the contingent fund to the bureau of health fund for disenfectant purposes was passed finally.

Christ Becker, Jr., presented an ordinance for the advertising for bids for the collection, removal and disposition of garbage, the contract for which is about to expire, and I. W. Shearer presented an ordinance for the removal of engine house No. 23 to "some location where it may be useful."

MORE PLACES ARE WANTED ON COUNTY TICKET

Twentieth Ward Democrats Think a County Convention Should Be Held.

W. S. GUFFEY IS SUSPICIOUS

He Says He Does Not Propose to Be Fooled Again—He Objects to the Citizens Indorsing Judge S. W. Pennypacker.

The Democrats of the Twentieth ward, 30 of them being present, met in Smiths hall in the East End last night to hear the report of the committee that had been instructed to see the Democratic committee of 10, which is discussing fusion with the Citizens party. S. B. Griffiths, the spokesman of the committee, reported that George H. Stengel's name had been presented to the committee of 10 as the choice of the Twentieth ward Democrats as a candidate for county register on the fusion ticket and that the committee of 10 had been asked to secure as large a Democratic representation as possible on the fusion ticket.

There was a long desultory discussion on various phases of the campaign for offices. Mr. Griffiths had said that the committee of five told the committee of 10 that the Democratic representation of five county offices on the fusion ticket was objected to by the Twentieth ward as not sufficient, and this seemed to be the general opinion of those of the 30 participants in the meeting who spoke. William Howley was insistent on knowing whether the committee had sufficiently impressed on the 10 the fact that the Twentieth ward wanted Mr. Stengel as candidate for register, and other members of Mr. Griffith's committee bore their spokesman out in saying that Mr. Stengel had been championed earnestly. E. E. Kiernan wanted to know what the Twentieth ward Democrats would do in case the Democratic proportion on the fusion ticket was not considered sufficient. The question was the keynote of all the talking that followed.

Guffey Declares Himself.

As usual in discussions preliminary to fusion, W. S. Guffey left no doubt where he stood. Referring to the latest developments and to some former negotiations in other years in which he was concerned, Mr. Guffey said:

"We've got the frozen face and glassy stare often enough, and I just want to say that no man can boss me. I think the Democrats of Allegheny ought to have a primary election and go into convention and nominate county officers. Then, when we have our candidates up, let the other fellows go down on their knees to us. We'll get our proper proportion of county offices then, I'm thinking, and not before."

Mr. Guffey later in an interview showed what was rankling. "It seems to me that I'm always holding the bag," he remarked emphatically. "I know those stalwart Republicans. They have fooled me twice and I'll swear it looks as if they are trying to do it again. I am a Democrat and I believe in Democratic principles and Democratic candidates and offices for Democrats. That's me, sir."

There was some talk as to what should be done in case the fusion meeting to be held today fails to put Mr. Stengel's name on the ticket. Joseph Howley, chairman of the meeting, said he thought that in that event the Democrats ought to go ahead, hold primaries and a convention and nominate Mr. Stengel anyhow. This did not strike J. A. Wakefield favorably. He said there would be great confusion if the Democratic county convention nominated Democrats whose names had not been selected by the joint committee on fusion.

Opposed to Indorsing Pennypacker.

M. P. Howley thought the joint committee on fusion ought to do no more than agree to the respective proportions of Democratic and Citizens party's representation on the county ticket; that it ought not to select the names of Democrats, but that a Democratic convention should decide on the Democrats to place on the fusion ticket.

J. C. O'Donnell, the former postmaster, said he was in favor of holding a county convention and nominating George H. Stengel for county register if the fusion committee did not choose Mr. Stengel.

William Howley and W. S. Guffey expatiated on the danger to the Democratic state ticket if the name of Judge Pennypacker, the Republican candidate for governor, headed the Citizens ticket. Mr. Guffey later explained that the Citizens party in that case would have Pennypacker in two columns on the official ballot, and that many Democrats favoring the fusion county ticket would by mistake vote one of the Citizens party's columns.

It was finally decided that the committeemen and subcommitteemen of the Twentieth ward be instructed to do their best to get out a big vote at the primary election to be held on June 28, and the meeting adjourned to meet again on the night of June 26.

PAINE'S Celery Compound

Has Proved a Blessing to All Ranks and Conditions of People in Summer.

A Prominent and Popular Chicago Lady Restored to Health.

The success of Paine's Celery Compound in banishing the ills and diseases that follow people into the summer time has not been confined to any particular class of society. Men esteemed in business and professional life, mechanics, farmers, women leaders in society and the wives and mothers of humble homes have all by voice and pen contributed strong testimony in favor of the medicine that restored them to health and strength.

When Paine's Celery Compound is used there is no more neuralgia, rheumatism, dyspepsia, stomach derangements, liver or kidney troubles. The blood once foul and stagnant, is made fresh and pure, and courses with a regularity that brings vigor and happiness. The use of one bottle is often sufficient to establish a health robust enough to combat the dangers and perils that are common in hot weather.

Mrs. A. T. Lermond, Chicago, Ill., Corresponding Secretary of the W. C. T. U., tells of her complete restoration to health through the use of Paine's Celery Compound. The great medicine was prescribed by one of Chicago's ablest physicians. Mrs. Lermond says:

"A few years ago I went through a surgical operation. After being in bed for four months I was able to be up, but was exceedingly weak and worn, nervous and unable to sleep or eat. My physician prescribed Paine's Celery Compound, and I at once began to feel stronger. After using a few bottles my health and strength were completely restored, and I am glad to give this testimonial in its favor."

AN ENDOWMENT OF $2,000,000 FOR UNIVERSITY

People of Pittsburgh Will Be Asked to Contribute to the School

$200,000 FROM CARNEGIE

The City Will Be Requested to Furnish a Site for the New University Buildings—This May Require a Bond Issue.

The board of trustees of the Western University of Pennsylvania will in a short time make an appeal to the citizens of Pittsburgh to contribute to a fund of $2,000,000 to be raised as an endowment for the institution.

This was intimated by Acting Chancellor John A. Brashear of the university yesterday afternoon at the close of the postponed meeting of the board of trustees, which was held in the office of City Recorder Brown.

Mr. Brashear further stated that during Andrew Carnegie's last visit to Pittsburgh he held a conference with him on the betterment of the Western university and that Mr. Carnegie agreed to give a certain amount of money toward the endowment fund providing the citizens of Pittsburgh did their share toward swelling it to $2,000,000.

The Western university has at the present time endowments amounting to almost $500,000 and the additional $1,500,000 to be raised will complete the required $2,000,000, which, in Mr. Brashear's opinion, is necessary for the betterment and maintenance of the institution.

Carnegie Offer Denied.

Mr. Brashear denied the story that was afloat yesterday afternoon to the effect that Mr. Carnegie had agreed to give $1,000,000 toward the endowment fund providing the citizens of Pittsburgh duplicated that amount. He stated that Mr. Carnegie told him he would not give the university $1,000,000, but that he had told him a specific amount he would contribute providing his stipulations were complied with.

Just what amount Mr. Carnegie said he will contribute to the Western university Mr. Brashear refused to state, giving as his reason that it would be against Mr. Carnegie's wishes to have the amount made known at this time. It was stated, however, last night by more than one person connected with the Western university that Mr. Carnegie's offer was $200,000.

In case this is the correct amount of the steel king's offering it will be necessary to raise but $1,800,000. After the money has been raised a new site will be purchased for the university, the old buildings and ground disposed of and the institution removed to the Bellefield or East End district.

According to Mr. Brashear it is Mr. Carnegie's intention to have the university and the Carnegie polytechnical school affiliated so that a graduate from the Carnegie institution may be able, if he desires, to take a higher course at the university.

Mr. Brashear stated that a fund would probably be appropriated by Mr. Carnegie and given in charge of the trustees of the polytechnical school for the higher education of the students who are graduated from that institution.

City to Furnish a Site.

Pittsburgh will be asked to furnish a site for the new buildings of the Western University of Pennsylvania. This statement was also made by Mr. Brashear yesterday. The next site will be selected by a sub-committee appointed by the general committee already appointed for the betterment of the institution.

The site will not be selected or the city asked to purchase it until after the purchase has been made of the tract of land for the new Carnegie polytechnical school. In order to complete the purchase of the site for the latter institution, a new bond issue of $1,500,000 will be necessitated, and if the city agrees to buy the site for the university another bond issue may have to be made.

At the board of trustees meeting yesterday afternoon a new executive committee was elected for the ensuing year, with Alexander Dempster as president, the Rev. John Crocker White, vice president, and Prof. Albert E. Frost, treasurer.

The selection of a new secretary and a registrar was left to the executive committee. The other committees selected yesterday were financial, observatory, auditing, curriculum, honorary degrees and joint committees on medical, dental, law and pharmaceutical departments of the university.

These committees were all selected from members of the board of trustees with the exception that the deans of each department are made members. The medical committee, by special arrangement, contains four outside members.

Two amendments to the bylaws of the institution were offered and passed. The new executive committee is composed of the following: Alexander Dempster, the Rev. Dr. John Crocker White, John A. Brashear, D. H. Wallace, Benjamin Thaw, W. L. Scaife and George H. Clapp.

LOVELY PIANOS

For Wedding Presents Birthday Presents, Graduating Presents.

The new stock of choice pianos just placed in Hamilton's salesrooms at 335-337 Fifth avenue, are the finest in style, finish and tone qualities ever assembled for a summer trade in this musical city. Our trade in fine pianos has been constantly growing—consequently we find more and more our duty, as well as privilege, to carry in stock only the finest and best qualities in all the various grades of goods. Our 30 years' business dealings in this city have established in the minds of the community this fact—the public and the press alike have never been disappointed in us in the past nor shall they ever be in the future. We know what the musical public want, and we know it is our business to supply just what is needed; hence our house has always held the front rank in the piano trade.

Whether you want a low or moderate-priced piano from about $175 to $250, or a fine medium but thoroughly reliable first-class piano from $300 to $400, or one of our matchless highest grade artists' pianos, from $400 to $1,000, you are absolutely sure of the very best possible value for your money—such as no other piano house can offer—and on terms of payment to suit you, if payments are desired.

Old instruments are taken as part pay. Come in and see our matchless stock of A. B. Chase Art pianos, and the ever popular Fischer pianos, Hamilton, Schumann and several other old reliable makes of pianos and organs, or write us a line.

A RALLY OF LITTLE MISSION WORKERS

MEETING TO BE HELD IN FOURTH AVENUE BAPTIST CHURCH.

Sunday School Pupils Taught to Multiply Their Pennies in the Interest of Home Missions—How Churches Are Built Through Efforts of Children.

Next Tuesday will be a great day in Baptist Sunday school history in Western Pennsylvania, as on that night probably 5,000 Sunday school workers, large and small, will assemble at the Fourth Avenue church. The meeting is called a rally.

Children's day receives more attention from the Baptists than from any other denomination, and particularly is this the case with the Pittsburgh association. This association comprises some 80 Sunday schools within about 60 miles of Pittsburg. Soon after the children's day in the different churches and Sunday schools there is a rally of all children from all of the schools, at which time reports are made of the amounts raised by the children.

The first rally was eight years ago. Then $165 was reported. Two years ago over $1,000 was reported. Last year the report was $1,000, and this year, on Tuesday night, it is expected by those most conversant with the work, that $3,000 will be reported.

The Baptists are growing in strength in this section. Sunday schools are started and as soon as a sufficient number of persons are interested a church follows. Through this missionary work 14 churches have been established this way within two years, and there are now several Sunday schools being supported until they shall get to be self-sustaining. Then will come more churches.

Division of Funds.

The money raised by the Sunday school is first divided so that the missionary board in Philadelphia gets one-third of it. This is used for the distribution of Bibles and the maintenance of the chapel cars which go from place to place spreading the gospel. The two-thirds is so divided that the proportion given by the churches outside of the Pittsburgh and Allegheny association is applied to that territory, and the proportion given by the churches in the association is applied to the work of the two cities. There is a missionary committee of both the Pittsburgh association and the Pittsburgh and Allegheny association, and these committees distribute the money.

The great object of the Baptist plan is to interest the children in missionary work. At the Shady Avenue church four weeks ago each child in the Sunday school was given 5 cents and told to make as much with it as possible. One little girl bought a yard of muslin and from it made a small apron. This was sold and with the proceeds she bought more muslin. She was able to turn in quite a sum.

Profitable Candy Business.

Another little girl and her brother combined their capital and went into the candy business. Many nickles was the result. Other children employed different ways of making money, and all turned in many times the original nickel. When the count was made two weeks ago there were more dollars than there were children. This is but a sample of the activity among the Baptist children.

As an extra inducement, and to spur the children on in the good work, two beautiful silk flags will be presented on Tuesday night. One will be awarded to the Sunday school giving the largest offering and the other to the Sunday school giving the largest proportionate offering.

Charles A. Edsall is the chairman of the committee having this rally in charge. There will be an address by the Rev. S. G. Neil of Philadelphia.

MUSIC IN THE PARKS.

Recorder Brown and Director McCandless Have Completed Arrangements.

Recorder J. O. Brown and Public Works Director J. Guy McCandless at a conference yesterday completed arrangements for a summer season of evening concerts at Highland and Schenley parks. The first will be held at Highland park this evening and will be by the Homestead Library band. This is the musical organization that was newly uniformed and thoroughly equipped with the best instruments obtainable by President W. E. Corey of the Carnegie Company. Under the direction of E. B. Dolin a program of popular and standard compositions will be rendered, beginning at 7:30.

The second concert will be given in Schenley park Thursday evening. All the expenses connected with these entertainments will be met by private subscription.

While the sudden change of weather last evening was not the best for outing parties there were good crowds at the opening of the daily concert season at Oakwood and Southern parks. This makes three traction parks open, daily concerts having been inaugurated at Kennywood two weeks ago. In that park the attraction this week being Rocereto's Concert band and Anna Teresa Berger, cornetiste.

Oakwood and Southern parks are free to the public after 7:30 every evening. The Boston Ladies' Symphony orchestra opened a week's engagement at Oakwood. At Southern park the Chicago Newsboys band was welcomed by several thousand people. They will be heard all week.

High Beef and High Coal.

With the prices of beef growing higher and coal also advancing in price, as a result of the anthracite miners' strike, it is especially interesting to note a recent test beween coal and natural gas for cooking. A 16-pound roast, cooked in a coal range, required two hours and 30 minutes. The loss was five pounds. In a gas range the time required was one hour and 40 minutes and the loss in weight only three pounds. The saving in weight alone pays for a day's gas. The Philadelphia Company is now making connections and setting meters free of cost to non-consumers of gas. Ask at 610 Wood street.

Prosperity's in the Air.

Everybody's making money—good time now to nail part of it down—no better way to do it than to open a savings account with the Pennsylvania Trust Company of Pittsburgh, 410 Smithfield street. Where every dollar deposited earns 4 per cent compound interest, and a capital and surplus of $800,000 assure the safety of your money. Write for the booklet, "Banking by Mail."

The Highland Park Concerts

will begin tonight with Homestead Library band. At Schenley park Thursday night.

HIGHWAY BUREAU SALARIES WERE INQUIRED INTO

The Committee Questioned Director McCandless and Supt. Battles.

HIGHER PAY FOR LABORERS

The Director Thinks They Should Be Advanced from $1.50 to $1.75 Per Day—Supt. Battles Explains Increased Expense of His Bureau.

Salaries paid employes in the general office of the department of public works and the bureau of highways and sewers were thoroughly discussed by the salary revision committee yesterday afternoon. Incidentally, Director J. Guy McCandless made a plea for the increase of the wages paid day laborers from $1 50 to $1 75 a day. The director also said that he did not consider that any of the employes of the highways bureau are overpaid. Next Wednesday afternoon at 2 o'clock the committee will take up the bureau of city property and the bureau of water supply and distribution.

Chairman W. H. Stevenson presided at the meeting of the committee yesterday and examined the witnesses, with a question occasionally from Jacob Schuck. Director J. Guy McCandless, Superintendent John Battles of the bureau of highways and sewers, and Thomas Moorehouse, a clerk in the office of the highways bureau, were examined, the oaths being administered by Clerk W. C. Gearing. Director McCandless was the first witness and admitted that he receives $5,000 a year. In his general office there is a chief clerk at $2,400 a year, a head bookkeeper and two assistants at $1,200 a year, a stenographer at $1,000 and another at $780, and a clerk at $1,200.

Men Not Overpaid.

Director McCandless told the committee that he did not believe any of these men are overpaid. He was asked for details concerning the employes of the highways bureau and suggested that they call the superintendent of that bureau, who is naturally more conversant with the bureau than the director would be, with half a dozen bureaus to look after.

Superintendent Battles was sworn and said he draws $3,000 a year salary. He had three clerks in his office. There are six assistant superintendents, each drawing $175 a month. A number of questions concerning the minor employes of the bureau and the salaries were asked and answered, and Mr. Stevenson then asked Mr. Battles concerning the increase in the expenditures of his bureau during the month of May. He said this was due to the fact that the streets of the city were so filthy and needed cleaning so badly that he had to put on extra men to do this work. He said that many of the streets of the city had not been touched for three or four years, and that he was trying to clean all of these, and for that reason more men were needed.

"The streets of Pittsburgh are the most difficult in the country to clean," said Superintendent Battles. "A street may be cleaned one day and the next day one would scarcely know that the street had ever been cleaned. Pittsburgh is proverbially a smoke-dirty city, and it is especially noticeable in street cleaning.

Streets Greasy and Grimy.

"The streets of Pittsburgh are greasy and grimy, a condition that is noticed in no other city in the country. Manufacturers of sweepers say this is true and heavier brooms are used on sweepers here than anywhere else. The topography of the city is also responsible in a measure for such dirty streets. There are so many hills and corresponding depressions that after a heavy rain these depressions will be filled with mud, which must be cleaned away. We have many difficulties to overcome in cleaning streets in Pittsburgh that are not met in other cities."

Superintendent Battles admitted that he pays a political assessment, both to the ward organization and to the city organization. He said it did not amount to 2 per cent, and that it is purely voluntary. Jacob Schuck asked Mr. Battles concerning the duties of Edward Mayo, an assistant foreman, and told the superintendent that Mayo spends his time walking around and doing nothing.

Clerk Moorehouse, when asked about his duties, said he attended to correspondence and "answered the telephone." The committee will meet again Wednesday at 2 p. m.

Wrong Man's Remains Prepared for Burial; Prisoner Makes Confession of Diamond Theft

SENT CORPSE OF WRONG MAN

Franklin Plasterer's Clothing Worn by Victim of a Train.

MYSTERY IS YET UNSOLVED

[SPECIAL TELEGRAM TO THE GAZETTE.]

FRANKLIN, PA., June 16.—Saturday evening a telegram was received here from DuBois stating that Edward McDevitt of Franklin had been killed by a train at that place, but when the remains arrived last night it was found that the body was not that of Edward McDevitt.

The mistake of the DuBois authorities is not strange, considering the fact that the man had on the clothes worn by McDevitt when he left here Thursday, and in the pockets was McDevitt's union card and knife.

McDevitt is a plasterer and was seen in company with the dead man here Thursday. It is supposed they started on a trip together. Thus far McDevitt's parents have not been able to learn anything concerning his whereabouts, and how the strange dead man came to have on his clothes is still a mystery. McDevitt's family had partially made arrangements for the funeral.

PUDDLERS' WAGES ADVANCED.

Voluntary Increase Offered at the York Rolling Mill.

YORK, PA., June 16.—The York rolling mill has posted notices voluntarily increasing the wages of puddlers from $4.25 to $4.50 to take effect immediately.

LANCASTER, PA., June 16.—Contrary to expectations the employes of the four rolling mills at Columbia of the Susquehanna Iron & Steel Company did not return to work today. The puddlers went on strike six weeks ago for an increase in wages from $4.25 to $4.50 per ton and other employes in proportion. The management on Saturday posted a notice granting the puddlers' demands. As nothing was said regarding the demands of the other men and as the management refused to make a definite statement or treat with a committee from the Amalgamated association the puddlers refused to return to work.

Ricer Known in New Castle.

NEW CASTLE, PA., June 16.—(Special.)—Harry N. Ricer, who murdered Mrs. Rachel B. Sahler and killed himself at Coatesville, Pa., Sunday morning, was born and reared in this county. He was a son of the late William Ricer of Shenango township. His mother is now the wife of William C. Mayberry of Shenango township. He was a structural iron worker, aged 27, and some years ago married Miss Minnie Reed of this place. The couple separated and his wife still lives in this county.

In Memoriam.

At a meeting of the board of directors of the United States National bank of Pittsburgh, the following resolution was adopted:

Resolved, That it was with profound sorrow that we heard the announcement of the death of William G. Foster, Sr., who died on the 13th inst., at Atlantic City, N. J., whence he had journeyed in the illusive hope that his health might be restored by the healing waves of the sea. As a member of the directory of this bank since its organization and as its vice president he has served it faithfully and well. He was peculiarly gifted for this work. Long contact with the world and its affairs had given him a keen discernment of the motives that actuate men. With this was combined the greatest kindness, leniency and charity of judgment, and while he was always just, he could never be charged with being ungenerous.

In his death not only this institution, but the entire community, has suffered a distinct loss.

He was wont to tell his friends of the quickly coming time when he intended to lay aside the active cares of business life and devote himself to the enjoyment of the rest and recreation he had so well earned. While for him this dream was not to be, yet in this hour there is much of comfort in the thought that he has entered into the fullness of that other rest—the rest untroubled and eternal.

Realizing the emptiness of words in the sanctuary of domestic sorrow, we can only say to the grief-stricken wife and children, we mourn with you.

C. E. SCHAEFER,
Cashier and Secretary of the Board of Directors.

KITTENS WERE BORN IN TOURIST'S TRUNK

SHARON, PA., June 16.—(Special.)—A cat owned by Mrs. Jeannette Dallenbaugh of Shenango township got an unexpected trip to the seashore and took her family with her.

Last Thursday Mrs. Dallenbaugh packed her trunk and started for Atlantic City. When she arrived and opened the trunk she was amazed to find the family cat curled up in the trunk with three kittens, which were born enroute. Mrs. Dallenbaugh sent the mother and kittens back home yesterday.

MR. SCHWAB'S GIFT TO BE RECEIVED

Alumnae Hall to Be Presented to Mt. Aloysius Academy Today.

[SPECIAL TELEGRAM TO THE GAZETTE.]

JOHNSTOWN, PA., June 16.—Tomorrow promises to be a memorable occasion in the history of Mt. Aloysius academy at Cresson. Gov. William A. Stone, President Charles M. Schwab of the United States Steel Corporation, Bishop Garvey of Altoona, Judge Francis J. O'Connor of this city and many priests and a large audience will attend the formal presentation of the new alumnae hall, the commencement exercises and alumnae banquet.

The alumnae hall, with a seating capacity exceeding 600, is the gift of Mr. Schwab and is a handsome structure. The formal presentation of the hall to the Alumnae association by the donor will be responded to by Mrs. Elizabeth Pollard of Pittsburgh, president of the association, who will also introduce Gov. Stone. The governor will make the speech presenting the building to the faculty of the academy.

The formal acceptance is to be made by the Rev. Matthew Smith, chaplain of the institution. An address to the Alumnae association will be delivered by the Rev. H. M. Sheedy of Altoona. Judge O'Connor will also deliver an address.

MINISTER ON TRIAL.

Special Session of Presbytery Hearing Charges Against Former Pastor of Canton.

CANTON, O., June 16.—(Special.)—A special session of the Mahoning presbytery is in session here to investigate charges against the moral character of the Rev. Walter Kling, pastor of Calvary Presbyterian church of this city. The hearing, which began this morning, is behind closed doors, will not be concluded until tomorrow.

Calvary Presbyterian is a small congregation, which a few years ago split from the First Presbyterian church, led by the Rev. H. Clay Ferguson, then pastor of that congregation. About eight months ago the Rev. Mr. Kling came here as pastor, and soon after dissension began in the congregation. The terms of church officials were changed from life to limited tenure, and soon thereafter trouble arose in which accusations were made against the pastor's moral conduct. On the plea of ill health he resigned, but instead of accepting the resignation the congregation gave him a vacation of six weeks. The charges became more direct and the matter was carried to the presbytery, resulting in the session now in progress.

To Build Two Mills.

YOUNGSTOWN, O., June 16.—(Special.)—Two up-to-date finishing mills will be erected by the American Steel Hoop Company here. General Superintendent I. W. Jenks and Chief Engineer Slick, of the company, with Milton E. Combs, assistant general superintendent, made an inspection of the plants here and at Warren and Niles today.

STATE AND NEIGHBORHOOD.

WARREN, O.—Employes of the Warren City boiler works struck yesterday because of the discharge of the president of their union.

CHARLESTON, W. VA.—Dr. Ernest Love of Grafton has been appointed by the board of public works a member of the state board of pharmacy.

NILES, O.—The city council has decided to issue bonds worth $40,000 for water works improvements.

PARKERSBURG, W. VA.—William H. Schultz, aged 24, a butcher's assistant, while cutting a quarter of beef, let a big knife slip and cut an artery in his leg, from which he bled to death.

ALLIANCE, O.—After a strike of three months duration machinists have settled their differences with the Morgan Engineering Company. Strikers who created disturbances will not be re-employed.

WARREN, PA.—Roland I. Gillmer was named for United States commissioner for the district to succeed Charles M. Willihs. The appointee is a son of Judge Thomas I. Gillmer.

YOUNGSTOWN, O.—Robert McKay, a young clerk, while bathing in the Mahoning river, near Lowellville, was swept away by the strong current. A detail of firemen was sent from here to drag the river, but failed to find the body.

DIAMOND THIEF TAKEN TO JAIL

New York Swindler Admits Guilt When Arrested at Harrisburg.

OPERATED AT SHIPPENSBURG

[BY ASSOCIATED PRESS TO THE GAZETTE.]

HARRISBURG, June 16.—Abe Rothschild, alias A. M. Graham, the alleged New York diamond swindler, who had, by assuming the name of George H. Stewart of Shippensburg, planned in that town a $500,000 diamond haul, was arrested here today on a description furnished by Postoffice Inspector Sutton, who has been shadowing Rothschild and his partner, the latter of whom is in the jail at Carlisle.

Rothschild has been in Harrisburg since Saturday, staying at the Temperance hotel, two blocks from the police station. He admits that he is the person wanted for the Shippensburg swindle, and said to the officers who arrested him:

"You can give Postoffice Inspector Sutton some credit for this arrest."

When the police searched Rothschild's room this evening his satchel was found to contain a 38-caliber revolver, loaded, and a sheet of paper containing the names of all the prominent towns in Dauphin, Cumberland and Perry counties, addressed to the Manufacturing and Selling Company of America, New York city.

State Charters Issued.

HARRISBURG, June 16.—Charters were issued by the state department today, as follows: The Foreman Can Company, Irwin, capital $22,000; the Standard Bronze Company, Pittsburgh, capital $5,000; Federal Machinery Company, Allegheny, capital $15,000; the Rural Valley Canning & Preserving Company, Rural Valley, Armstrong county, capital $15,000; Pittsburgh & Allegheny Barber Company, Pittsburgh, capital $25,000; the H. C. Cyphers Provision & Ice Company, Pittsburgh, capital $125,000.

Carnegie Offers $20,000.

CHARLESTON, W. VA., June 16.—The Lewisburg Seminary has received from Andrew Carnegie a letter offering to give $20,000 to that institution on condition that the administration raise $10,000 more. A movement will be set on foot immediately to raise the necessary amount.

WILL TRY STATE COURT.

Attorneys for Minnesota Have New Plan in Merger Case.

ST. PAUL, MINN., June 16.—Counsel for the state of Minnesota in the United States district court today gave notice that, when the merger suit against the Northern Securities Company shall come up on June 24, the state will make a motion to remand the case to the state courts. Judge Lochren granted the petition for leave to argue this motion on the date named.

The move on the state's part is one to save time. The state courts, too, are more likely to assume jurisdiction than the federal courts, which apply a stricter rule.

STAND BY THE GIRLS.

Men Strike Because Women Are Discharged for Asking for More Pay.

CHICAGO, June 16.—As a result of difficulties over wage scales, more than 700 glove makers struck today.

The most serious trouble, and that which precipitated the general disaffection, occurred at the Burnham Glove Company's plant, where several girls were discharged for asking for an increase in wages. The men workers took up the case and 175 walked out.

A SHORTER CUT TO SETTLEMENT OF RECIPROCITY

Roosevelt Likely to Negotiate a Treaty With Republic of Cuba.

WOULD IGNORE HOUSE

It Is Believed Senators Who Would Vote Against the Bill Would Be Willing to Ratify the Convention. Drawbacks of the Plan.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., June 16.—Should it become apparent that there is no possibility of an agreement between the senate and house on the pending reciprocity propositions, then the president probably will endeavor to simplify the problem by dropping the house out of the calculation and negotiating a treaty directly with President Palma. It is true such a treaty would require the approval of two-thirds of the senate, but it is believed that under the changed conditions this would not be impossible of attainment.

Senator Foraker some days ago suggested this to the president as a way out of the difficulty. It also was one of the propositions of the beet sugar men to the Republican members of the committee on relations with Cuba and was rejected.

The beet sugar men say that 52 Republicans would support such a treaty and it is expected that enough Democrats would be secured to ratify it. But the leaders of the reciprocity movement say that a treaty would mean the defeat of legislation at this session; that there is not time enough to negotiate it and pass it before the adjournment.

Waiting for Wednesday's Conference.

The advocates of reciprocity say the Republican conference on Wednesday will determine what can be done. When it is known just what the Republican members of the committee offer it is expected that it can be definitely determined how many Republicans can be counted for and against it.

It is still the purpose of the Republican members of the committee on Cuban relations to hold a meeting tomorrow to confer upon the question of Cuban reciprocity, and whether there shall be a caucus of Republican senators will depend upon the decision of the majority members of that committee. If they decide finally upon a bill and ask that a caucus be called to pass upon it, the call will be issued and the caucus probably will be held Wednesday. There is some feeling against a caucus on the part of Republican senators who support the reciprocity plan, and on account of this sentiment there is a growing possibility that no caucus will be held.

Beet Sugar Men Holding Out.

The beet sugar men held a conference last night and pledged again themselves to stand solidly against the senate bill. They say as a result of that conference that there are no fewer than 19 Republican senators who will announce in the caucus, if one is held, that they will vote against the bill for a reduction of the tariff.

President Palma of Cuba has indicated to President Roosevelt his conviction that the rebate proposition relative to Cuban sugar would be not only very objectionable in itself, but would be extensively expensive and almost impossible to carry out in the distribution. It is not stated how this proposition was communicated to President Roosevelt, but it is assumed that Secretary Hay was the medium, having been acquainted by Senor Quesada, the Cuban minister, of President Palma's opinion on this subject.

BOTH CLAIM QUAY'S AID.

Showalter and Huff Each Counting on Going to Congress.

WASHINGTON, D. C., June 16.—(Special.)—Representative Showalter is trying to have a conference with ex-Representative Huff of Westmoreland county to arrange for a meeting between representatives of Butler and Westmoreland counties to decide upon a basis for the nomination for congress from that district. Mr. Huff has the instructions of Westmoreland county, and Mr. Showalter those of Butler county.

Mr. Showalter confidently looks for renomination, and expects the aid of Senator Quay, owing to the fact that two of the three Butler county delegates to the late state convention went into the caucus and voted for the nomination of Judge Pennypacker. On the other hand, Mr. Huff's friends point to the fact that he delivered three votes to Judge Pennypacker in face of the claim of the Elkinites that they had the Westmoreland county delegation solid.

GIVES SUMMER HOME FOR USE OF THE POOR

MANY CHILDREN WILL BENEFIT BY GEO. HEMPHILL'S KINDNESS.

The Fresh Air Workers of the Robinson Street M. E. Mission Will Send Delegations of Poor Children to the Farm at Leetsdale.

Through the kindness of George Hemphill several hundred poor children will romp about a magnificent farm near Leetsdale this summer and have all the benefits of a spacious summer cottage. Mr. Hemphill has notified the fresh air workers of the Robinson street mission of the Metodist Episcopal church, which provides outings for the little ones of all denominations, that they may have his farm and cottage the entire season. The workers expect to take nearly 500 children to the farm this summer. They will go in groups of 100 and remain for three weeks at a time.

The committee at the head of the fresh air workers is composed of the Rev. Dr. E. J. Knox, presiding elder of the Allegheny district of the Methodist Episcopal church, and several pastors and lay workers. The work was inaugurated by and has been distinctively connected with the Robinson street mission, of which the Rev. F. H. Callahan is superintendent. The first excursion to the Hemphill farm will leave the first week in July. The funds for supporting this work come largely from the mercy and help departments of the Epworth league.

The mission has just issued its annual report. Last year 81 children were cared for. Since last December Mr. Callahan and his co-workers visited nine of the 14 churches comprising the city union and were received cordially. In the past eight months three were received into full membership and six on probation, seven inebriates received at the altar and 500 calls made to homes. The committee urges the building of a larger and more commodious mission. It is argued that $5,000 will be needed to make repairs and that this much more would build a suitable edifice. The mission is in the heart of the slum district of Allegheny, of which Mr. Callahan says in concluding his report:

"There is another class that is a factor in the slums, but before I speak of it let me say that the slums belong to the whole city, and that this class, the Owls, is the factor that lays it upon every ward from the City hall to the suburbs. The owls come from everywhere after dark and go back before daybreak, and if these panderers and parasites upon the poor, the weak and the wicked, could be kept from the lower wards, vice's bargain counter would very largely go out of business. This is our field. We need reinforcement at the ballot box, the jury box and the contribution box, if the many-sided city mission work is to be measurably triumphant."

HOBSON GETS A REST.

If His Eyes Fail to Improve He May Be Retired.

WASHINGTON, D. C., June 16.—Constructor Hobson appealed today to Secretary Moody for a three months' leave of absence on account of the condition of his eyes. He is now on special duty at Elizabethport, N. J.

The secretary conferred about this application with Admiral Taylor, Constructor Bowles and Surgeon General Rixey and decided to allow the leave, although naval constructors are badly needed just now. It is reasonably certain that Mr. Hobson cannot remain in active service. At the expiration of the three months' leave, if his eyes have not materially improved, he will be ordered before another retiring board, and it is believed that he will be this time retired.

THE PENSION ROLL.

WASHINGTON, D. C., June 16.—The following pensions were granted today:

Pennsylvania—Joseph Kough, Scottdale, $10; Erwin Feth, Latrobe, $10; John Reem, Shanksville, $10; Henry Harbough, Ruffsdale, $10; Richard F. Oliver, Pittsburgh, $12; James Renyan, Bradford, $10; William R. Hales, Altoona, $8; William Hanlin, Hanlin Station, $12; Sarah M. Burns, Altoona, $8; Margaret Miller, Berlin, $12; Mary Jane Parker, Carlisle, $8.

Ohio—James H. Harmon, Mount Pleasant, $8; Isaac Osborn, Gen., $14; John W. Gramlich, Lewisville, $10; Orin Jennings, Coshocton, $12; William Ogram, Lindenville, $12; Reason J. Call, Soulsby, $10; Joan Brown, Millport, $10; Lucinda Warfel, Uhrichsville, $8.

West Virginia—William McGlown, Silverton, $12; William G. Hamrick, Woodsfell, $12; Eldridge C. Warner, Ireland, $12.

NATIONAL CAPITAL NOTES.

The first Cuban minister, Senor Quesada, presented his credentials to the president.

It is said a canvass of the senate reveals a majority of two for the Panama canal route.

Booker T. Washington, the colored educator of Tuskegee, Ala., held a long conference with President Roosevelt on southern appointments.

These postmasters were appointed: Pennsylvania—Kennedy, Tioga county, Hosea H. Kennedy. West Virginia—Keene, Monroe county, J. M. Bean.

Senator Elkins has introduced a bill appropriating $10,000 for a monument to James Morgan and Morgan Morgan, who performed gallant service under Gen. St. Clair against the Indians along the Ohio river.

Representative Crumpacker of Indiana has invited the president to attend the annual reunion of the "Dinwiddie clan" at Hebron. The president claims connection with one of the branches of the famous Indiana family.

The president has sent these nominations to the senate: Capt. Charles E. Clark to be advanced seven numbers in rank and to be a rear admiral in the navy; to be consul at Pretoria, Joseph E. Proffit of West Virginia.

The house committee on interstate and foreign commerce has reported favorably the bill authorizing the West Elizabeth and Dravosburg Bridge Company to construct a bridge over the Monongahela river, between Port Vue and Jefferson township, Allegheny county.

The comptroller of the currency has approved of the selection of the Second National bank of Pittsburgh, the Chase National bank of New York and the Drovers and Mechanics National bank of Baltimore as reserve agents for the First National bank of Philippi, W. Va.

The report of the naval retiring board which examined Capt. Lemly, the judge advocate general, has been placed in the hands of the president. The board condemns Capt. Lemly physically and he will go on the retired list soon. He is to be continued in the office of judge advocate general, notwithstanding his retirement.

Secretary Moody has sent an instruction to Admiral Coghlan, who is on board his flagship Brooklyn at the New York navy yard, to report in Washington Tuesday morning. The admiral has been selected to take complete charge of the last ceremonies in this country in connection with the removal of the remains of the late Lord Pauncefote.

The house committee on reform of the civil service has voted six to two on party lines to table the resolution calling on the secretary of war for information as to the dismissal of Rebecca J. Taylor, a clerk of the war department. The case has excited some attention because Miss Taylor was dismissed for writing a letter appearing in a Washington newspaper, criticising the president's attitude in reference to the Philippines.

Representative Showalter has strongly urged upon the president that Levi Felker, a first sergeant in the artillery of the army, be made a second lieutenant in the regular army. Felker is a Pennsylvania man and has a number of relatives in Butler. He was in the First cavalry that made the famous charge at San Juan, and also served in the Philippines. The president gave Mr. Showalter a letter to Secretary Root suggesting that the appointment be made.

JECT TO PENNYPACKER

mocrats Think the Citizens Should Not Indorse the Republican Nomi- nee—It Is Probable a Straight Congressional Ticket Will Be Named.

Thomas S. Bigelow says that the entire Citizens ticket will be announced this afternoon. It may be necessary for him to amend his program, however, as the Democrats have so far failed to agree upon the members of their party who will fill the five offices allotted to the Democrats on the county ticket.

The final meeting was to be held yesterday, but it was found necessary to have another conference today. It is possible that an agreement will be reached, but strong influences are at work to prevent harmony. The machine is active. Its agents are endeavoring to stir the Democrats to the point where they will refuse to fuse with the Citizens, if the latter indorse Judge Pennypacker and the remainder of the Republican state ticket.

William E. Howley, who says that he is thoroughly in sympathy with the Citizens, was announcing yesterday that there would be an uprising of the Democrats if the Citizens insist upon placing Pennypacker at the head of their county ticket. During the afternoon he had a talk with George S. Fleming, one of the Democratic conferees, and warned him that the Democrats would object.

Guffey Was Not There.

Col. J. M. Guffey is a member of the Democratic conference committee. At the meeting yesterday his resignation was received, but the conferees refused to accept it. The colonel said that ill health and the press of business would prevent him from serving. The committee sent word that there would be a meeting today, and they would expect him to be present. So far the colonel has not expressed himself upon the question of indorsing Pennypacker.

It is understood that there is opposition in the Democratic committee to indorsing the Citizens candidates for congressmen. Some of the members are insisting upon the Democrats putting up a full Democratic congressional ticket. Charles A. Fagan is spoken of as the candidate in the city district. George S. Fleming, who is a member of the committee, said yesterday that if Fagan wanted to be a candidate he would be for him. He says that so far Fagan has not announced his intention in the matter. The congressional question will be taken up today. Fleming believes that there will be harmony between the Citizens and the Democrats.

J. O. Brown's Views.

Recorder J. O. Brown is keeping close tab on the attempt to indorse Pennypacker. He says that there will be nothing to prevent putting Pennypacker on a Citizens ticket by securing about 7,000 signatures to a petition in the state. The fight will come, however, if an effort is made to put the Citizens county ticket in the same column.

Samuel Harden Church yesterday authorized the statement that he would not accept the congressional nomination in the city district from the Citizens party. It is probable that H. K. Porter will now be made the nominee.

George W. Guthrie returned yesterday from the Sunday conference at Atlantic City, where the platform for the Erie convention was practically agreed upon. He was asked about the report that the ticket suggested there was Robert E. Pattison, governor; George W. Guthrie, lieutenant-governor; and Vance McCormick, secretary of internal affairs. He says that he is willing to accept the governorship nomination, but will decline any other place on the ticket. It is quite probable that he will be asked to change his mind and accept the second place. Democrats think Pattison and Guthrie would make a strong ticket.

The Fifth Ward Republican association organized last night by electing James A. Marr, chairman; R. Buonocore, vice chairman; Meyer Rosenthal, secretary; Peter Mancusco, treasurer; Meyer Rosenthal, Jerry Heasley and Andrew McGraw, members of the city committee. Resolutions were adopted indorsing the state and county tickets and the present administration.

WAR ON DOGS.

East Pittsburgh's Chief of Police Will Do General Slaughtering.

It has been estimated that there are 1,687 unlicensed dogs in East Pittsburgh, but if the efforts of the chief of police are successful there will not be a dog by the time the week is out. Meantime all offenders against the laws and ordinances of the borough can do as they please, as the police will be very busy. There are four policemen in East Pittsburgh, and each one of them will have to kill about 420 dogs in the next five days. This will be about 84 dogs each a day, or a fraction over eight dogs an hour, if each officer works 10 hours.

Each policeman will be armed with a Winchester this morning, and will have a boy to carry ammunition and assist in getting the dogs out of back yards so they can be shot. The officer who shoots the most dogs will be given a prize as the best rifle shot in the borough. All good citizens of East Pittsburgh are notified that if they have unlicensed dogs, they shall let them run loose so the officers can shoot them readily. Cellars are quoted as the safest places for large families.

INJURED IN A TUNNEL.

Three Men Caught in a Fall of Rock and One May Die.

Three men were badly injured in the Port Perry tunnel last night at 8 o'clock. One of them had to be taken to the Homeopathic hospital, and his recovery is not expected.

The men were employed by the H. S. Kerbaugh Company in the work of enlarging the tunnel for the Pennsylvania railroad. The work is going on day and night between trains. Last night three men were at work on a scaffold near the roof when they were crushed by a fall of rock.

W. H. Harrison was the worst injured and was taken to the hospital. William Christy and Michael Mackey were also badly injured, but were taken to their boarding places in Port Perry. Harrison is about 70 years old.

Capt. Hinds on Trial.

PLATTSBURG, N. Y., June 16.—Capt. Hinds, quartermaster of the Twenty-third infantry, was put on trial today before a court-martial for alleged cruelty in stringing up a private of his company by the thumbs at Jolo, in the Philippines, without orders from the commanding officer.

M'AFEE WILL KNOW HIS FATE TODAY

QUESTION OF RESIGNATION HAS NOT BEEN FINALLY SETTLED.

Recorder Says He Will Have a Talk With the Director This Morning—Both Men Are Silent as to What the Outcome Will Be.

Director Robert McAfee of the Allegheny public works department will know his fate this morning. On reaching his office there may be a letter from Recorder John R. Murphy requesting his resignation. On the other hand, he may be permitted to hold his job.

According to the prophets about the City hall, he will go, but Recorder Murphy has not yet steadied his nerves for the lifting of the official ax.

Recorder Murphy had a long conference last night with Supt. Henry Muth and several other confidentials of the Allegheny organization. The Gazette reporter saw him afterward and he stated that nothing had been done in the McAfee case.

"I have no comment to make on the situation," he said. I look for an ultimate settlement of everything tomorrow.

"Will Director McAfee be asked to resign?" queried the reporter.

"I cannot say just now. That will be definitely settled tomorrow."

In the meantime there is a feeling of unrest about City hall. Not any of the officeholders, save possibly Muth and a few others, seem to be quite sure that their heads are on tight. Director McAfee returned yesterday to his work after an absence of a week. He was closeted with Director Murphy for a few moments, but stated afterward that his resignation had not been asked. It is believed that the long friendship between Murphy and McAfee has much to do with the recorder's hesitancy in swinging the ax.

There are some who claim that Murphy will not have the courage to request his resignation, unless some amicable compromise is made that the friendship existing between them may not be impaired by his doing so. Gov. Stone is the motive power behind Murphy, and his wishes in the matter are likely to be carried out. Director McAfee refused to discuss the situation last night.

John Francies, the markethouse clerk, whose resignation Murphy demanded, is still holding his job. It is believed, however, he tendered it to Director McAfee yesterday and that it will be accepted. He sent a note to the director, but refused either to affirm or deny that it was his resignation.

TRAIN DISPATCHERS MEET

The Annual Convention of the Organization in America Is to Be Held in This City.

The Train Dispatchers' Association of America will open its 15th annual convention in the Monongahela house this morning. The session will last until Thursday evening. A lengthy program has been prepared, which embraces the business of each day's sessions, as well as the pleasure trips and boat excursions for the members of the association.

The meeting will convene at 10 o'clock, and will be opened with prayer by the Rev. T. J. Leak, and the address of welcome by J. O. Brown, recorder of Pittsburgh. The business session will last until 5:30 p. m.

In the evening the members of the association will be taken down the Ohio river on the steamer Francis J. Torrance. There will be dancing, lunch and other entertainment on the steamer. Wednesday there will be a business session.

Thursday the members of the association will be taken on a special train to the Homestead steel works, Bessemer furnaces, the Union switch and signal plant, the Westinghouse airbrake works, the Westinghouse Electrical Company, and other large industrial plants in the Monongahela valley. The convention will close with a business session in the evening. The members of the association and their families will also be taken to all points of special interest in and about Pittsburgh.

During the convention a discussion of train rules and matters connected with the branch of train dispatching will be heard. The usual annual reports will be read and discussed, and the election of officers for the ensuing year held. The association will also select the place of meeting and arrange the date when it shall be held. A number of interesting papers will be read by members of the association. Among those who will present papers are H. A. Dalby of Fairbury, Neb., of the Chicago, Rock Island & Pacific railroad. The title of his paper will be "Some Defects in the Standard Code." E. M. Woodruff of the New York, New Haven & Hartford railroad, at Providence, R. I., "Positive Meeting Points," and K. F. Meckle of the Chicago & Rock Island, at Chicago, will have for the title of his paper, "Form F."

The officers of the association are: John P. Mahon of the Houston & Texas Central railroad, at Ennis, Tex., president; F. S. James, Illinois Central, at Ft. Dodge, Ia., vice president; K. F. Meckle, Chicago & Rock Island, at Chicago, secretary and treasurer. The executive committee consists of T. W. Evans, New York Central Pennsylvania lines, at Jersey Shore, Pa.; A. D. Canfield, Illinois Central, at Wilson, La.; F. S. Rogers, Baltimore & Ohio, Pittsburgh, and J. W. James, Southern Pacific, Tucson, Arizona.

CONSUL AYME BANQUETTED.

Honored by Gov. Hunt and Others at San Juan for Relief Work.

SAN JUAN, PORTO RICO, June 16.—Louis H. Ayme, United States consul at Guadeloupe, who recently has been occupied with relief measures at Martinique, arrived here today on the United States steamer Potomac. Tonight Mr. Ayme was given a banquet by Gov. Hunt, Commander Thomas C. McLean of the United States cruiser Cincinnati, Lieut. Benjamin B. McCormick of the Potomac and a number of newspaper correspondents.

He will probably leave for New York next Wednesday on the Red D line steamer Caracas.

CATCHING.

The Coffee Habit Breeds Trouble.

It is quite commonly the case that both husband and wife are somewhat similarly troubled with coffee drinking.

A lady writes, and, after giving description of her husband's relief from coffee dyspepsia and general nervous trouble, says: "I was almost as bad as he, having the headache nearly every day and was nervous and weak, did not sleep well, was pale and thin and had a bad complexion.

"When I found how much good Postum Coffee was doing husband I concluded to use it, and I tell you life is altogether a different thing. I eat and sleep well and look like a different woman. My usual weight for years was from 98 to 100 pounds; I now weigh 108 pounds, and everyone tells me how much better I am looking.

"I had some friends who did not like Postum, but knowing it was because they did not boil it long enough, I made some at their house one day, and they agree with me that Postum is a delicious beverage, and while, of course, the flavor and taste are pleasing and we are glad Postum does suit us that way, the great advantage is in the wonderful bounding health that we have recovered." Name given by Postum Co., Battle Creek, Mich.

LOCAL NEWS OF ALL PITTSBURGH

THREE CITIES, FORTY-FIVE BOROUGHS, TWENTY-SIX TOWNSHIPS. FIFTH IN VOLUME OF BANK CLEARINGS. FOURTH IN BANK AMONG CITIES.

New Organ for a Church—Beemer Bros., architects, have notified Father McArdle of the St. John's Roman Catholic church at Bellefonte, Pa., that they will donate a $2,000 pipe organ to the church in view of its being their childhood home.

Will Hasten Work—The committee on high schools of the Allegheny board of school controllers last night decided to push with all possible speed the work on the high school annex, and expect to have the building ready for occupancy when the schools open in September.

Evidence of a Tragedy—Firemen at No. 8 engine company, Allegheny, at 5 p. m. yesterday found a man's coat, trousers and socks on the river bank near River avenue. The hat and shoes were not found. The find was reported to police headquarters, but no one was reported missing up to a late hour last night.

Yukas Caught Again — Michael Yukas, who escaped from the South Side hospital Saturday morning, was arrested in Coraopolis, and will be returned to the hospital this morning. Yukas was sent to the hospital April 1 with two bullets in his back because of his running away from a Homestead officer while he was being arrested for robbery.

Traveling Man in Trouble—T. V. Harrington, a traveling salesman for an Albany house, was held for trial at court by Magistrate Bernard McKenna yesterday on a charge of larceny. Mrs. Lillian Rankin of No. 1168 Fifth avenue alleges that Harrington, while drinking with her at her house, drugged some whisky which put her to sleep. When she awoke $45 and the man were both gone.

Family Pursued by Death—Death seems to closely pursue the family of John Donovan, a former flagman on the Pittsburgh & Western railroad. Within the past 18 months five members of the family have died. The last, a girl of 12 years, will be buried today in the family plot at East Brady, Pa. She died Sunday at St. Paul's Roman Catholic orphan asylum at Idlewood of consumption. The family until 18 months ago lived in North avenue, Millvale.

Joined the Strike—Melting department men of the Crescent works of the Crucible Steel Company of America yesterday joined the strike of this class of men in other Pittsburgh district plants. Efforts are being made to extend the strike to all plants of the company. Trustee John E. Taylor of the Amalgamated association is working with the men. Organizers Thomas H. Flynn and Calvin Wyatt of the American Federation of Labor are also working to extend and perfect the organization.

Evangelization Union Meeting—The annual meeting of the City Evangelization union of Allegheny will be held next Friday in Calvary M. E. church, Beech and Allegheny avennes. Bishop J. W. Hamilton will be the speaker of the evening. All the pastors of the union and some notable lay workers will be present. The Rev. Dr. J. M. Thoburn will introduce Bishop Hamilton. The meeting will be called to order by Albert Horne. Reports from the various missions will be made and new officers elected.

Guests Routed by Fire—The guests at the Windsor hotel, Wood and Rebecca streets, Wilkinsburg, were routed from their beds early yesterday morning by an alarm of fire. Before it was known how much of the building was afire trunks and satchels were tumbled out of windows to the streets and these were followed by lightly-clad people. The fire was confined to the dining room, on which the loss will not exceed $500. Frank Luby, who conducts a grocery in the building, had $200 worth of stock damaged.

Children to Go to Country—The first installment of poor children from the cities was yesterday morning taken to the Oakmont Fresh Air home in charge of Mrs. Rhoda Lawther, the matron. With the party yesterday morning were also 18 enfeebled mothers. The Oakmont home was donated for the purpose by the late James B. D. Meeds, and for several years has been occupied by children during the hot months. Every two weeks from now until September a new detachment of children from 4 to 10 years old, will be taken to the home.

Surveys Committee Met—The committee on surveys yesterday affirmatively recommended ordinances establishing grades on Braddock avenue from Hamiltonton avenue to Frankstown avenue; on Idlewild avenue, from Lang avenue to Beecher street; on Abbott street, from East End avenue to Peebles street; on Brown alley, from Evaline to Mathilda street; on Enfield street, from Ben Venue to avenue to Columbia avenue; on Fifty-seventh street, from Butler street to 746 feet north, and on Maurice street, from Fifth avenue to Forbes street. Two were referred to sub-committees, one repealing the location of Penfield street, between Shady and Beechwood avenues, and the other repealing the location of Denniston avenue, between Fifth avenue and Fair Oaks street.

BOOKING SYNDICATE OUTSIDE THE TRUST

Eight Theatrical Companies in Organization for Protection Against the Big Combine.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, June 16.—An organization was effected here today to unite individual theatrical managers of the country to secure bookings independent of the so-called theatrical syndicate. It is called the Independent Booking Agency. The agreement upon which the new agency was established was entered into today by Harrison Grey Fiske, Maurice Campbell and James K. Hackett.

The organizers disclaim any intention to enter into competition with or pursue in any way an organized policy against existing booking concerns. They say they have united to form an agency through which their own and outside attractions may secure bookings independent of the existing combine, and that the independent agency is not formed for pecuniary gain.

The independent agency begins with eight attractions on its books, including Mrs. Fiske, Henrietta Crossman, James K. Hackett in "The Crisis" and Isabel Irving in a special company for "The Crisis," "Mistress Nell" and "Captain Molly."

"ALL RUN DOWN" ARE WOMEN IN EARLY SUMMER

A Beautiful Young Society Woman's Letter.

Miss Bess F. Healy, 521 Wabash street, St. Paul, Minn., a prominent society girl, writes:

"I took Peruna last summer when I was all run down, and had a headache and backache, and no ambition for anything. I now feel as well as I ever did in all my life, and all thanks is due to your excellent Peruna."

The symptoms of summer catarrh are quite unlike in different cases, but the most common ones are general lassitude, played-out, tired-out, used-up, run-down feelings, combined with more or less heavy, stupid, listless, mental condition. Relish for food and the ability to digest food seems to be lost.

Skin eruptions, sallow complexion, biliousness, coated tongue, fitful, irregular sleep, help to complete the picture which is so common at this season.

Life is a burden, business a dread, pleasure a mockery, friends a bore, and social privileges a tedious round of disagreeable tasks.

Peruna so exactly meets all these conditions that the demand is so great for this remedy at this season of the year that it is nearly impossible to supply it.

It never fails to bring an immediate relief, and a thorough course of it leads with certainty to a permanent cure.

Miss Anna Johnson, 60 Clergy street, Kingston, Ont., writes:

"I have suffered for several years with scrofulous blood, and it would many times break out in unsightly pimples on my face. I also had severe indigestion. I took Peruna and soon found that it cured the indigestion and gave me a fine appetite. I was also pleased that it drove the humor out of my blood. My skin is now smooth and clear and my health is excellent."—Miss Anna Johnson.

May V. Adams, Vice President of the Louisiana Literary Union, writes from 1119 Terpsichore street, New Orleans, La., as follows: "Any person with sedentary habits is apt to become habitually constipated. I have found this to be the case by sad experience, and am thankful to say that Peruna cleansed my system, purified the blood and drove out stomach disorders and all aches out of the body. I take a few doses every few weeks and find that it keeps me in perfect health. I believe it to be an ideal woman's medicine."

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

TWELVE PAGES

Gov. Stone's Visit.

A number of rather inflammatory articles have appeared in the daily papers concerning the invitation extended to Gov. Stone to participate in the Fourth of July celebration.

To quiet all rumors, it may be stated that the invitation to the governor was not sent by Recorder Brown, but by the unanimous vote of the committee on invitations, which consists of Messrs. H. C. Frick, Albert J. Barr, James H. Reed, William McConway and George T. Oliver. There was no discussion whatever among the committeemen, every member recognizing the propriety of inviting the chief magistrate of the commonwealth to be present on that occasion. The governor has accepted the invitation, and there is no doubt whatever that he will be received by our people with all the courtesy and respect due to his high office.

An Exploded Sensation.

The "sensational disclosure" of payment of money to Gen. Gomez from the Cuban revenues falls flat in the face of the statement from Secretary Root that the money was paid and that no effort was made to conceal the payment, the whole matter being in the possession of congress in the detailed statement of Cuban expenditures that is on file with it. The effort to make the payment to Gomez a yellow sensation was based on an assumption that an attempt had been made to conceal the matter, instead of which it has been open to congress and the public as a mere item of routine of the Cuban government. The records in which it is to be found are open to any inquiring mind, including those persons in the employ of the beet sugar combine, and before they spring their next sensation they should consult these records to assure themselves whether they are dealing with facts open to the public, if not published. The efforts of the sensation mongers seem to have taken the form of attacks on Gen. Wood, but the manner in which they have been received should give warning to their authors that they are defeating their object by their plan of campaign.

Nervous About the King.

The alarming reports concerning the condition of King Edward were disposed of yesterday afternoon when the British monarch and the queen left Aldershot for Windsor castle, traveling in a motor car. Within recent years there have been many stories regarding the bad condition of the king's health, all of which were seemingly refuted, but the fact remains that there is an underlying belief among the British masses that all is not well with his majesty, and his most trifling indisposition causes widespread uneasiness. The death of a brother and a sister not long ago from cancer adds to British nervousness. King Edward is well advanced in years, and probably has not been so careful as to his habits as he should have been, but he has always enjoyed a robust constitution, and it is likely that he will live for many years to come. There is general sense of satisfaction that the reports of his critical condition are not borne out, though it is clear he has had a severe attack.

Increasing Supply of Gold.

The treasurer of the United States directs attention to the fact that outstanding gold certificates now exceed the legal tenders in volume. It is also worth while recalling that the national treasury now holds more gold than any other institution in the world, although the world's supply of the precious metal is much larger than it was a few years ago.

The receipts of gold from the Klondike have been disappointingly small so far this year, but large shipments will be made. The American consul at Dawson City, ex-Senator Saylor of Montgomery county, Pennsylvania, reports that the output of gold this year may exceed that of last year, which was in excess of $20,000,000. Peace in South Africa will promote gold production in that part of the world, and the gold diggers of Australia have not been idle.

The increasing supply of gold must be discouraging to the persons who still insist that something should be done for silver. Free coinage of the white metal is buried under a large quantity of the yellow metal that is being brought to the mints, and the permanency of the gold standard is assured.

A Greater University.

The project of the Western University of Pennsylvania to secure a new site and an endowment of $2,000,000 is one to which the people of Pittsburgh should give practical encouragement. There is an abundance of wealth here to insure the success of the undertaking, and we have no doubt that if the trustees of the university go to work on the matter in earnest their labors will be crowned with success. The proposition to have the city purchase and present a site to the university concerns the citizens as taxpayers, and a vote on this phase of the question would be necessary. But doubtless if the endowment fund can be secured an additional sum sufficient to pay for the new site can be raised without resorting to a city bond issue. That aside, the Western university deserves to be encouraged, and Pittsburgh needs the greater university that is in the minds of the trustees. The university must expand or it may disappear. Its disappearance would be a distinct misfortune.

Compulsory Vaccination.

In establishing a rigid system of compulsory vaccination the health authorities are acting in accord with expert medical opinion and are at the same time endeavoring to meet as best they can a serious contingency that threatens the lives and health of the people. The order having been made, it is the duty of all to obey it as far as possible. It has been demonstrated to the satisfaction of medical scientists that the use of vaccine virus is a potent agent in arresting the progress of smallpox epidemics. The recent spread of the disease in Pittsburgh, while hardly held to be a dangerous epidemic, is sufficiently alarming to make the use of every means for its suppression a sensible and wise thing on the part of the bureau of health.

A Corporation's Bond Issue.

The expressed belief of officers of the United States Steel Corporation that the injunction of Vice Chancellor Emory against the issue of bonds by the corporation will be dissolved by the court of last resort seems reasonable. Were the decision carried to its logical conclusion it is difficult to see how any corporation organized under the laws of New Jersey could increase its bond issue without the unanimous consent of the owners of preference stock. If the issue of bonds to be paid for in part with preferred stock and in part with cash is held to be an impairment of the vested rights of preference stock, especially when the issue involves a material reduction in the annual payments of the corporation, the impairment must be considered largely sentimental. The man who could better his property while reducing his annual expenditure would be considered worse than foolish not to do so, and the rule that is a good business principle in the case of an individual cannot be bad in the case of a corporation.

No New States This Year.

The omnibus bill for the admission of Oklahoma, New Mexico and Arizona as states will not get out of the senate committee on territories at this session. It is just as well. The promotion of a territory to the dignity of statehood is too important a matter to be put through in the way proposed in this case. Territories should not be admitted in bunches of three or any other number. Every territory should stand on its own merits, and territories which ought not to be admitted if they applied one at a time should not be admitted to come in hanging to another territory's apron strings.

Oklahoma could probably have entered the union this year if New Mexico and Arizona had not been knocking at the door at the same time. But as the question before congress resolved itself into a case of all three or none, the most populous and the most progressive of the three has been held back by the partnership with New Mexico and Arizona. It is a very serious matter to confer statehood on commonwealths with a population as small as that of these two territories, thus giving each of them as much power in the senate as New York or Pennsylvania possesses. There are two or three states in the west already which ought to have been kept in territorial training, and the mistake in their case should not be repeated with New Mexico and Arizona.

Obedience to the Law.

Beyond the questions of right and might involved in the controversy between the anthracite coal operators and the striking miners is the supreme duty resting upon all the parties concerned to obey the laws of the land. The evils complained of by the miners for the remedying of which they have inaugurated the greatest strike of recent years will not excuse violations of law on the part of the strikers, no matter how well grounded they may be. On the other hand, the attempted coercion on the part of the operators so bitterly condemned by the miners will furnish no excuse for setting aside the law in order to establish their power and force the workmen back to the mines. The duty of obeying the law is not any more incumbent upon the miner than upon the operator. Because the miner is exposed to the temptation of resisting force with force, and is therefore more apt to be led into overt acts of violence does not mean that he is the only lawbreaker upon whom close surveillance should be kept. The law that is intended to restrain him is also intended to operate against the exercise of unfair or sinister forces against him.

The country at large looks to the chief leaders on both sides of the unfortunate contention for the preservation of the law. Both the strike leaders and the operators are regarded impartially by a majority of the American public, and the law that it expects shall be enforced against disorders among the miners is the same law that it hopes to see put in the way of unjust advantage on the part of the operators. There are not two kinds of law in this country, one for the poor and one for the rich, and this truth should be rigidly impressed in the anthracite coal fields just now.

Great has been the advancement in the science of aeronautics since Darius Green and his flying machine met with disaster, but from time to time imitators of the over-confident Darius bob up to go down as he did. The latest instance of this desire to compete with birds is reported from Paris, an enthusiast named Albert Schmutz having conceived the notion that he could fly across the Seine. The would-be navigator of the air was not so secretive as the original Darius, for he publicly conveyed his wings and other paraphernalia to a bridge, adjusted them, and then launched out into space. Fortunately for Aeronaut Schmutz some boatmen were in the vicinity and he was fished out of the river, sadder and wetter, but very much wiser. The birds are following their same old plan and thus far have been the only really successful navigators of the air.

Mrs. Roosevelt is said to have had all the lightning rods taken off the Roosevelt residence at Oyster Bay. Perhaps the gentle lady knows that the 1904 lightning is likely to strike the family anyway without the aid or artificial conductors.

It is to be hoped that King Edward has a press clipping bureau attached to his staff. Some of the pictures being printed of him in American newspapers might be provocative of proper humility in the future.

If Pat Crowe had anything to do with the sensational kidnaping of that young Italian artist in New York it indicates that he is not disposed to let racial antagonisms stand in the way of business.

It is to be hoped that the rumored coolness between Ambassador Choate and Envoy Reid did not arise from any jealousy as to their respective coronation millinery.

It is a lost day whose low descending sun doesn't find a Chicago professor with a new theory for the guidance of the rest of humanity.

Whatever may be thought of the health board's vaccine order, it must be confessed that there is a great deal of point to what they say.

Everything points to a glorious celebration of the Fourth of July in Pittsburgh if the foolkiller will only do his duty with the late-hour canard starters.

RURAL FACTS AND FANCIES.

Patrolman Elpern arrested a bold, bad cow yesterday evening and drove her to a patrol box. He opened the box, whether to announce the arrest or to call for the wagon is not positively known, but certain it is that some boys drove the bovine away while he chased the lads, but got neither them nor the cow.—Altoona Tribune.

There is a good deal of discussion every now and then as to whether circuses make money, and the question has not been settled, so the Gazette is not prepared to give even an opinion upon it. But this we do know, the last one here is $75 of good and lawful money ahead of this municipality.—Charleston (W. Va.) Daily Gazette.

Seven pairs of twins and two single children in 14 years is the proud record of a couple named Henderson, living in the wilds of the mountains along Hickory run, in the lower end of Luzerne county. All the children are alive and healthy. The mother is a woman of 35 and the father is a couple of years older. Their home is quite a distance from the nearest neighborhood, owing to the father's vocation, he being a distiller of essential oil from birch tree bark.—Delaware County American.

There is considerable complaint that the roses are suffering from the attack of their enemy, the rose bug. The crop of bugs everywhere for everything is unusually large. The farmers from the surrounding country complain that the potato bugs were never known to be so early or so numerous. The squash bug, striped rascal, has ruined the prospects for summer varieties and is hustling around for every flat leaf that starts to grow. The cucumber is not without its troubles, and these wicked little bugs burrow around the stalk to sap its life and destroy the prospects for pickles. Everywhere the complaint is about the same, and the gardner-farmer's life is indeed an onerous one.—Titusville Herald.

"Another mad dog scare," has become quite a common topic in town the past few days. This morning Ed Scott's bird dog showed very evident symptoms of hydrophobia. When the dog was first noticed he was breathing like a steam engine and could be heard quite a distance. When the dog recognized Mr. Scott he came dashing toward the wool house, froth and foam dropping from his mouth, and jumped straight through the window. The case of rabies was such a clear one, that the animal was immediately shot, no one caring to attempt the muzzling and care of such a dangerous creature.—Waynesburg Daily Times.

Clean streets cost money but health and enjoyment are worth more than the cost. All physicians claim dirty filth and dust from streets cause half the diseases, as the germs are very plentiful along city streets and alleys.—Morgantown (W. Va.) Evening Post.

Saturday afternoon one of the blackest ever of the tribe of coon, coon, coon, held forth on the river bank. He was armed with a banjo and a voice that lacked luster and held up a crowd of people for a goodly number of nickles.—Warren Mirror.

We have bought a Sharp's rifle—it is in complete working order and shoots a cartridge as big as a banana that sells at a nickel. We keep is alongside our desk and the man who asks us if it is hot enough for us will find out in less than three seconds whether is is a deadly weapon or not.—Blairsville Daily Courier.

An Iowa Story.

From the Sioux City Journal.

In a shipment of hogs from Jefferson, S. D., marketed today by Bernard, Chicoine & Lambert, liberal shippers of hogs to this market, there was a hog that weighed 840 pounds, the largest hog ever marketed here alive. Other hogs have arrived dead that weighed more, but this particular hog was able to navigate and walked around one of the packers' receiving pens as though he was no more than an ordinary hog.

He was a Chester White stag, not so very fat, and was purchased by Armour & Co. at $5 25 per 100, netting $22 50. The rest of the load brought $7 25. He will have to be dressed by hand, as there is no scraping machinery large enough to handle him. Hog men who have been about the yards ever since they were establishing were of one opinion, that it was the largest hog they had ever seen.

The monster was twice as tall as the rest of the hogs. It came up to the waist of an ordinary man and weighed as much as the general run of feeders. Many people went down to the hog division to get a look at the giant porker before he was driven over to the packing house. He was raised by Alphonse La Breche of Union county, S. D.

Popular Effect of the Latest Bridge Suicide

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, June 16.

Another suicide from the Brooklyn bridge! Notwithstanding that the structure is carefully watched from end to end at all times by men who are instructed to exercise the utmost vigilance to prevent persons jumping into the river, it is a common thing for someone to take a header from the railing in broad daylight. The man that went over yesterday did not trouble himself particularly to hide his purpose. He rode out on the bridge on a trolley car, got off about the middle of the bridge with calm deliberation, and, just as an officer tried to grasp his ankle, waved good-bye and went down to the water, 140 feet below, head first. Since Steve Brody jumped from the Brooklyn bridge and acquired enough money from the feat to start a tough saloon in the Bowery there have been scores of other jumpers. Some of them have come up alive and continued to live, while many others have disappeared under the water and have never been seen again until recovered in the shape of a "damp, unpleasant body." The police cannot help it. No matter how shrewd a policeman may be in detecting crime and misdemeanor in general, he always seems to be somnolent when some idiot takes it into his head to dive off the bridge. The suicide habit from the Brooklyn bridge has become an important criminal issue in Greater New York, and every magistrate on both sides of the East river is determined to "put down" this particular offense against the peace and dignity of the municipality. It has been suggested that if the guard rails were not so easy to climb, there would be fewer bridge-jumpers. As the railings are constructed they form a convenient ladder for anyone desiring to get over them. An old woman could get over them almost as easily as a lad. Were they protected by spikes or barbed wire, such as any progressive farmer places around his apple orchard, there might be fewer self-murders on the bridge. This last suicide has aroused so much interest that it is not impossible that astoundingly funny body, the board of aldermen, may be moved to pass an ordinance covering such an improvement.

A School for Loopers.

Looping the loop on a bicycle is regularly taught in a "loopers' school" not far from Coney island. Some of the pupils are not so apt as others, as is proved by the fact that there have been no less than three mishaps by men who have carried away a diploma from the "school," but have lost control of themselves in public exhibitions. The most recent disaster of this kind was suffered by a "looper," who had been a professional acrobat all his life and was not afraid of any machine with two wheels; but he could not guide his bicycle straight over the loop, and, like his brothers in trouble, shot off at a tangent head first and cracked his skull. The man that directs the "school" is said to own a patent covering all the "loop-the-loop" paraphernalia in existence. He wants to make all the money out of his fad while it keeps warm, and he is turning out half a dozen new "loopers" every week. Some of them get killed or badly hurt; others don't. In either event he gets his fee for instruction, because he draws it in advance, I hear, but do not vouch for it, that the professor will make a "looper of anyone with courage and a fair understanding of the bicycle, for a $10 bill.

Joys of a Coney Steamboat Ride.

The Coney island boats are running every day and they are always carrying a great many passengers—that is to say, on ordinary week days. On Sundays they are loaded to the guards and the deck hands have to go around continually to prevent the mass of humanity spilling over the sides. The enjoyment of a ride on a Coney island steamboat is something entirely its own. There is no other form of recreation which brings into the face of a man, women or child exactly the expression of beautification attending this experience. Even a collision, when a great chunk of the steamboat's hull is "snubbed off," as happened to the Cygnus yesterday, does not disturb the equanimity of the Coney island excursionist. It is all in the day's pleasure. Officials of the company controlling the boats admit that the number of passengers carried this season so far is greater than have been recorded up to this date in previous years.

Too Zealous for His Brother Officers.

Miles O'Reilly, the new captain of the Oak street police station, testifies to the "cleanliness" of his precinct in a way not usual with police captains in this city. He says that after five days spent in the precinct he has not had occasion to make one arrest personally. It is the way of the average captain, when he sees a violation of law that demands an arrest, to call a patrolman to do the work. This saves the captain soiling his fingers with a bum or criminal, and relieves him of the trouble of appearing in court the next day. Capt. O'Reilly likes to do these things himself when they must be done and his brother officers wish he wouldn't. He is establishing an uncomfortable precedent.

How Tenement Houses Are Built.

A woman stepped on a stone slab in her tenement on the fifth floor of a house that was built six months ago. The slab gave way under her and she and the flagstone went down together. Their combined weight, amounting to less than 200 pounds, was enough to take them through all the other four floors, one after the other, until the woman and the stone brought up in a cellar with a bang. The woman is dead. The incident is a commentary upon the kind of flimsy, sleasy houses that are put up for tenement people in New York, which speaks for itself.

Police Indiscretion in the Ghetto.

Policemen are not popular in the Ghetto. Some of them are tolerated, but only on condition that they attend strictly to their own business, which involves letting other people alone. A policeman with the provoking name of Dooley ordered a girl named Goldstein to get off the sidewalk by going into the house where she and her parents live. Thoughtless of Dooley, as all the street agreed, Miss Goldstein said she would not be ordered off the sidewalk in front of her home by any policeman, whatever his nationality. Then the parental Goldsteins took a hand, and by the time the reserves from the police station arrived and rescued Dooley he was so scratched and dirty that his face looked like a few square inches of a chicken yard. Miss Goldstein is all right, but her parents are in jail.

Hardship of the Station Gate Rule.

Pittsburghers and others in New York complain of the new rule of the Pennsylvania railroad at the Jersey City terminus, which has been in force about a month, of compelling friends of incoming passengers to wait at the gates instead of allowing them to go on the platforms, as used to be the custom. It is a long walk from the trains to the gates, and women with packages or young children, or both, find it a wearisome task to make their way alone to the gates. The fact that a stalwart husband, son or brother, who would be only too willing to relieve her, is held prisoner by the gate, does not lessen the average woman's disgust.

Gotham Takes Smoke to Heart.

It is probable that the Manhattan Elevated Railroad Company will be criminally indicted for maintaining a nuisance by burning bituminous coal in its engines. District Attorney Jerome has the matter in hand. He has set his assistants to collecting evidence, and when it is all arranged a warrant will be issued for the arrest of the secretary and treasurer of the company. This is the program, but New Yorkers will believe in it when it is carried out. Women living along the lines of the "L" road, particularly uptown on the West Side, complain bitterly about the soot and cinders. They say that it is not safe to take their babies out in their carriages, because red-hot coals fall perpetually, and that for the same reason they are obliged to keep the windows of their homes closed. A hot coal will fire a white lace curtain very easily. Altogether there has been more fuss made in the last two weeks in New York over the burning of soft coal than would be heard in Pittsburgh in 10 years.

Roof Gardens Opening One by One.

Another of the roof gardens opened tonight. It was the "Cherry Blossom Grove" on top of the New York theater. Jessie Bartlett Davis, for so many years the contralto of the Bostonians, heads the bill. The roof gardens are coming to life one by one. Ted Marks, who has just reached Broadway from London, threatens to light up the American theater roof garden next Monday with a program which he describes with some ambiguity as "unlike anything you ever saw or ever will see again." There has not been much said for the last week or two about the Casino roof garden, although there was a Rialto rumor earlier in the season that the roof would be improved in comfort and beauty and flung open for the summer with the rest of the aerial joy places.

Mrs. Kaltenborn Is Married Again.

Gossips along Broadway today were discussing the announcement that Carl Hugo Engel has married Mrs. Franz Kaltenborn. Mrs. Engel's first husband was Mr. Kaltenborn, the orchestra leader and violinist, whom Pittsburghers remember as conducting the music at the Pittsburgh exposition a few years ago. He and his wife were separated by law not long ago, after rather exciting court proceedings. Then came Mr. Engel. He was one of the orchestra last season at the Metropolitan opera house, and his marriage to Mrs. Kaltenborn, so it is said, took place just before the close of grand opera for the summer. Mr. Engel is conducting the orchestra for "A Chinese Honeymoon" at the Casino.

Waldorf-Astoria Roof Garden Open.

The roof garden on top of the Waldorf-Astoria was opened this evening for the season. The roof of the hotel has been greatly improved since last season. Tables for the serving of refreshments have been placed under groves of palms and flowering bushes. Clappe's orchestra will play there during the summer. To restrict the number of visitors to the seating capacity of the garden, passes are issued to persons who desire to spend an evening on this, the highest roof garden in the city.

Interest in Poughkeepsie Regetta.

New York takes the keenest interest in the intercollegiate regatta on the Hudson river next Saturday. Poughkeepsie is a lively town, with its full quota of hotels and boarding houses, but it cannot find accommodation for all the oarsmen and rowing enthusiasts who desire to camp there for the week. That means that the overflow descends upon New York. In all the principal hotels here are guests who go up to Poughkeepsie every day to watch the practice of the various crews. Of course partisanship runs high, as it always does in connection with college contests, and there are many warm arguments in hotel lobbies and cafes every night after the Poughkeepsie train is in.

Tombs Prisoners Doing Street Work.

It looked like ancient times in New York this morning when a gang of Tombs prisoners, in regular striped convict garb, stepped out of the prison and marched to Center street, each armed with a broom and shovel. By their side marched two keepers, who were each carrying a cane and two heavy revolvers. As soon as the procession reached Center street the prisoners began sweeping the sidewalk in front of the new Tombs prison. There was a great deal of good-humored guying by people on the passing street cars, but the workmen did not seem to mind. They were only too glad to get to the outside world for a short space of time, even to do menial work. The job was completed in an hour, and then the prisoners were marched back again, with the two guards ready to use their revolvers at the first sign of rebellion.

Grover Cleveland as a Harmonizer.

Former President Grover Cleveland is to be the most prominent attraction of the gathering in this city on Thursday, which is intended to launch the work of restoring harmony to the national Democratic party. Mr. Cleveland is to speak at the formal opening of the Tilden club, any many of the most celebrated members of his party will be there to hear him. One of them is expected to be William Jennings Bryan.

Platt's Political Program.

Senator Platt has for some years spent his summers at the Oriental hotel, Manhattan Beach. He will go there on July 1 this year, in spite of the fact that congress is not likely to adjourn until the 15th. He will hold his regular Sunday afternoon receptions for his political friends and party leaders, and will map out the state Republican campaign, as has been his habit for the last decade and more. GEORGE C. JENKS.

PERSONALS

The Rev. H. B. Johnson, pastor of the First Presbyterian church; the Rev. S. Stephen of the Reformed church and the Rev. T. F. Pershing of the Methodist Episcopal church of Vandergrift, left yesterday morning for a European tour, offered by George G. McMurray, president of the American Sheet Steel Company, to the ministers of Vandergrift. The Rev. A. Wilson of the First Methodist church is also on his way to the holy land. The party will leave New York today on the steamship Umbria, returning on the Celtic of the White Star line the last week of August. The four congregations have voted their pastors a two months' vacation, although the churches will be kept open and regular services held.

"The country is full of money," said J. A. Murray, a banker and capitalist of Butte, Mont., while waiting for the limited to pull out of Union station last night. He was returning home after visiting relatives in New York and Philadelphia. "A question that is worrying the leading railroad officials of the country at present is the speed of trains. A syndicate composed of some of the leading capitalists of the east and west has been formed and are now discussing the problem of constructing an elevated railroad between New York and Chicago. Some of the most eminent railroad engineers of the country have figured on it, and have agreed that such a railroad could be built for between $75,000 and $80,000 per mile. There is also a project on foot to construct an airline between New York and San Francisco. It would run within a short distance of Pittsburgh and pass Chicago 120 miles on the south. Such a railroad would reduce the time between New York and San Francisco about 30 hours."

Bishop J. W. Hamilton of the Methodist Episcopal church of San Francisco, passed through the city last night. He was returning from the dedication of the Grove Avenue Methodist Episcopal church at Johnstown, and was on his way to Bloomington, Ill., where he will preach the baccalaureate sermon in the Illinois Wesleyan university. He will then return to Mt. Union, College, O., arriving there about the last of the week, and will preach the memorial address on the late president of the college. He will arrive in Pittsburgh on Sunday, in time to dedicate the new church at Bravosburg, of which the Rev. M. E. Lytle is pastor. Bishop Hamilton was accompanied west by the Rev. Dr. N. Luccock, editor of the Methodist magazine of St. Louis. Dr. Luccock was returning home from Allegheny college, Meadville, where he had preached on Sunday the annual sermon to the Y. M. C. A.

William J. Diehl and James W. Brown, who were appointed a committee to visit Washington for the purpose of completing arrangements for the attendance of President Roosevelt, who has already accepted an invitation, and to invite Secretary of the Navy Moody to be the orator of the day at the 150th anniversary of the initiation of George Washington as a mason, have postponed their visit until Wednesday morning. They were to have left the city last night. The anniversary will be held in Philadelphia on November 4. The visit of the committee to Washington was postponed by a telegram from Attorney General Knox, which stated that neither President Roosevelt nor Secretary Moody would be in Washington until Wednesday.

Judge A. G. Olmstead of Coudersport, who has been for 20 years on the bench in Potter county, and Henry Hanlin, a banker of Smethport, McKean county, are at the Hotel Henry. They have large interests in the Logan Gas Company, of which T. M. Barnsdall of Pittsburgh is a stockholder. Their business in the city is for the purpose of negotiating the sale of the property to a party of Pittsburgh capitalists.

Attorney James N. Cooke, Flair Painter and John Robinson, assistant claim agent of the Baltimore & Ohio, went to New York last night on the Pittsburgh limited.

Ralph Peters, superintendent of the Southwest system of the Pennsylvania lines, went to Columbus in his private car last night.

Theodore E. Tack of New York, at one time a leading oil operator of this city, is at the Hotel Lincoln.

Congressman Ernest F. Acheson went to Washington last night.

Anderson—John Bean, Wellsville, O.; Edward Beinhelm, Altoona, Pa.

FOUND IN THE EXCHANGES.

Black bass fishing is just beginning to be first-class off this port and local enthusiasts have been making large catches every day that it was possible to fish. The favorite grounds are at Four-mile creek.—Erie Dispatch.

The fishing season for black bass opens today. The old rule that the blackberry should be in blossom when the bass begin to bite would seem to indicate that the season has been gauged about right, for the bearers of those toothsome berries are now white with their blossoms. The old bass fisherman selects a day that is rather windy, that is, a morning when the wind on lake or river sends little waves that splash and break against the shore. It is just in the edge of the lake where the black fellow is to be found awaiting some lively minnow or early rising frog that promises him a good breakfast. If the boatman can approach the spot carefully enough, and cast his minnow often enough, and wait long enough, and have patience enough—in fact, if he is fisherman enough, he may hope to come home tonight with some bass in his basket. The places most frequented by the bass fishermen of the vicinity are Chautauqua, Sugar and Canadohta lakes.—Titusville Herald.

A black bear was brought to Bluefield, W. Va., a few days ago and sold to local butchers. Its weight was 430 pounds. In capturing it John Burton sustained possibly fatal injuries. For a long time the farmers living in the "Wilderness," in Bland county, Virginia, have missed their sheep. A party was organized to hunt down the animal. The hounds soon struck the beast's trail, and in short while one of the hunters, Charles Burton, got a shot at the animal. The bullet took effect, but did not check the bear's flight. Others of the party fired with equally effective aim, and the bear, after carrying to rifle balls around with him for more than an hour, was finally brought to bay by the hounds. In his eagerness to be in at the death John Burton, aged 22 years, went too close to the bear, and was bowled over by the animal's paws. His face was badly lacerated by the blow, and after he had fallen to the ground he received another blow which broke his left arm. The bear then bit nearly through Burton's left ear, and was gnawing at his stomach when the party came up. A shot fired by a man named Ramsey ended brute's earthly career. The young man was removed to the home of his father on Kimberland creek, where he lies in a critical condition.

THE DEATH ROLL.

George Washington Crum.

OIL CITY, PA., June 16.—George Washington Crum, one of the pioneer oil men, died at the home of his son here last night, after a short illness. He was born near Kittanning, Dec. 3, 1832. He followed the development of the petroleum industry from Parkers Landing to Clarion, Bradford, Allegany, N. Y., and Cherry Grove fields. Mr. Crum was one of the oldest members of the Odd Fellows fraternity in the state. His wife died in 1895 and he is survived by five sons, one of whom is A. J. Crum of the editorial force of The Pittsburg Gazette.

Funeral of James N. Harlan.

The funeral of James N. Harlan, a former alderman of the Tenth ward, Allegheny, took place yesterday afternoon from his late home, No. 14 Harlan avenue, Allegheny. Mr. Harlan, whose death occurred last Saturday, was a veteran of both the Mexican and civil wars, having served as a marine. For over 30 years he resided in the Tenth ward and was twice elected road commissioner and served two terms as city health officer.

Obituary Notes.

Henry Sefton, 68 years old, died yesterday at his home in Clinton township, Butler county, Pa.

John Keenan, 75 years old, is dead at his home, No. 28 Rowley street. He was a member of St. Brigid's Roman Catholic church, and is survived by a son and daughter.

Mrs. Susan R. Wiggins, a sister of D. B. Wilson, of the Reformed Presbyterian seminary, Allegheny, and a former resident of Allegheny, is dead at her home in Philadelphia.

Clara Stemler, 21 years old, daughter of Mrs. Louisa Stemler, is dead at the family home, No. 631 Hebel street, Homestead. Her mother, two brothers and five sisters survive.

Miss Rebecca Sterret, 90 years old, is dead at the home of her nephew, John Miller, No. 927 Western avenue, Allegheny. She had been a resident of Mt. Troy, Allegheny, for many years.

Mrs. Rosa Hunter White, 73 years old, widow of Scott White, died yesterday at her home, No. 1312 Locust street, Allegheny. She is survived by two sons, William H. and Scott A. White.

Miss Margaret Tobin, for the past four years a teacher in the O'Hara public school, Twelfth ward, is dead at the family home, No. 4318 Penn avenue. She was a graduate of the Pittsburgh High school.

"ISLE OF CHAMPAGNE."

Duquesne Garden Stock Opera Company Present Successfully the Old Seabrooke Hit.

By far the largest audience of the present summer season of opera at the Duquesne Garden heard the stock company last evening in a revival of the old Byrne, Harrison and Furst musical skit, "The Isle of Champagne," pleasant memories of which still linger in the minds of those who were "in" at the start of those old musical and humorous burlesques out of which has grown the more modern musical comedy. The stock company at the garden showed to much better advantage in this merry mixture of nonsense than in the more serious Balfe composition last week, and the audience, after it warmed up to the fun, hardly left a moment unfilled with laughter and applause.

There is some delightfully catchy music in this old favorite, so intimately associated with the rise to fame of Thomas Q. Seabrooke. The cast last evening was in the main a thoroughly good one while the chorus was fresh-voiced and—shapely. Charles H. Drew, in Seabrooke's old role of King Pommerey See, was hardly familiar with his lines, a defect that interfered with the spontaneity of the fun so far as he was concerned. John J. Martin, as Appolinaris, was adequately ludicrous as the plotting prime minister. The greatest charm of the performance, however, was the singing of the role of Priscilla by Miss Edith Mason. The lilting airs so familiar to those who have heard the piece never had sweeter interpretation than was given them by Miss Mason. Mr. Persse, as Prince Kissengen, looked the part even though he could not sing it. The Moet and Chandon of Messrs. Sinclair and Cantor was a little tame by reminiscent comparison.

Miss Carrington, as Diana, looked sweetly pretty, and in conjunction with Mr. Pigott as the sailor caught the house by a cute sailor's hornpipe. Miss Marie Stone in a small part was extremely pleasing to the eye. In the third act Mr. Samuel B. Brobst, a well-known young Pittsburgher who is in the chorus, "made good" in an interpolated song. The night was observed as "military night," large representations from the Fourteenth and Eighteenth regiments and Battery B of the National Guards of Pennsylvania being in the boxes under the escort of Col. Rutledge of the Eighteenth regiment. Tonight is scheduled as Elks' night, when a large number of the members of this order are expected to be present. In the palm garden York and Adams, the well-known Hebrew impersonators, furnish a pleasant half hour of after amusement.

AMOS SIMPSON THANKED GOD FOR HIS ACQUITTAL

Colored Man, Found Not Guilty of Murder, Was Loud in His Praises.

SHOT A MAN AT A DANCE

Court Charged in Favor of Miners on Trial for Drawing Revolvers When Followed by Strikers—Boys Sent to Reform Schools.

"Thank God! Bless the Lord!" were the expressions of gratitude made by Amos Simpson, colored, when released from custody in the criminal court yesterday, after having been acquitted of a charge of murder. Immediately upon his release he thanked the court and turned to the jury to thank them, but uttered no words except "Thank God."

His face was a picture of happiness. He hurried out of the court room, shaking hands with his friends and still shouting thanks. He hustled down the stairs, not waiting for the elevator, at the head of a crowd of his friends, out of the court house to the jail, where he had left a bundle of his clothes. At the jail he shook hands with all the clerks and a deputy sheriff, still exclaiming "Thank God!"

Simpson was charged with the killing of William Hamilton at Esplen on the night of April 12. He admitted shooting Hamilton, but said he did it in self-defense. From the testimony it appears that during a dance at William Young's house trouble arose, and Simpson, who was calling figures, ordered Hamilton from the house.

Shot in Self Defense.

He refused to go and was ejected, but another disturbance arose and Simpson went to investigate. Hamilton pulled a razor and cut Simpson and the latter fired the shot which caused Hamilton's death at the Homeopathic hospital a few hours later.

Jacob Bowser, George Gauze and Samuel Smith, coal miners of Hite, Pa., were tried on charges of pointing firearms and carrying concealed weapons. The cases went to the jury late yesterday afternoon and when court adjourned the jury was still out.

From the testimony the defendants were working for the Cornell Coal Company during the recent strike and had refused to join the strike. This angered their fellow miners and it was a custom for a number of men, women and children to gather at the mouth of the mine and follow the defendants home, taunting and jeering at them and blowing tin horns in their ears.

On the evening of May 26, it was testified, the crowd gathered as usual and repeated their actions. The defendants, on the way home, drew revolvers, and, it was alleged, pointed them at their followers and told them to stand back.

Denied Pointing Revolvers.

The defendants denied pointing the revolvers at the crowd, but admitted having them in their hands.

Judge Evans, in charging the jury, said that the strikers and their wives and children had no right to follow and taunt and jeer the defendants, and if they came too close to them and blew their horns in their ears the defendants had a right to protect themselves. If they thought their lives in danger, he said, they had a right to use the revolvers as well as draw them. A sealed verdict will be returned.

Barney Danwitch pleaded guilty to loosening the brakes of a number of cars belonging to the Baltimore & Ohio Railroad Company on April 13, and was sent to Morganza. The cars ran away by his act and did considerable damage.

Leroy Evans, Mike Pottish and John O'Hara pleaded guilty to entering the house of D. L. Weaver of Duquesne on May 25 with intent to commit a felony. Evans was sent to the Pennsylvania Industrial school at Huntingdon and Pottish and O'Hara were sent to Morganza.

Harry Vogel was found guilty of entering the store of Herman J. Huhn, No. 224 Fifth avenue, and stealing some jewelry. He was sentenced to the workhouse for 15 months.

CREDITORS TAKE ACTION.

Issue Asked in the Case Against the United Securities Company.

An issue was asked yesterday in the case of Samuel Brown & Co. against the United Securities Company and Raymond Surbridge. In the petition it is stated that the defendant company transacted a brokerage business in Philadelphia until April 10, 1902, when it closed its office and left behind a large indebtedness and no assets. It is said the company also operated an office at No. 415 Fourth avenue, where Charles Surbridge, a son of Raymond Surbridge, acted as agent.

It is said the company was alleged to have a capital of $1,012,000. It is contended that Charles Surbridge obtained a bill of sale for the office furniture in this city without consideration and for the purpose of hindering the creditors of the defendant company.

SUIT STOPPED WORK.

Traction Company Files Affidavit of Defense to an Action Against It.

An affidavit of defense was filed in the case of D. C. Lang and George Burke, supervisors of O'Hara township, against the Allegheny Valley Street Railway Company, an action to recover on a bond for failure to carry out an agreement for the beginning of the construction of a line in the township.

It is alleged that a bill in equity was filed by the Allegheny Valley Railroad Company against the defendant company, in which a preliminary injunction was issued against the traction company restraining it from using part of the Freeport road. For this reason the defendant company says it is unable to carry out its agreement.

WYLIE CHURCH WILL LIKELY BE BOUGHT

Presbyterians May Make the Purchase and the Rev. C. H. Pridgeon Will Be Retained.

Presbyterians may buy the Wylie avenue church, of which the Rev. C. H. Pridgeon is pastor, and make it the nucleus of a permanent organization for the hill district. The Wylie avenue church is at present being conducted on a "faith plan," and, according to some of the people who frequent it, has not been altogether successful, although Mr. Pridgeon and his wife, who is an earnest co-worker, avow that the "faith" project has been admirably successful.

The Presbyterian church wants the Wylie avenue edifice, and both Mr. and Mrs. Pridgeon state that they will not put a stone in the way of the church's progress. The Rev. Dr. George W. Chalfant, presbyterial superintendent on new sites, will have a conference with the owners of the Wylie avenue church this week with a view to establishing a denominational body.

It has been common talk about the Wylie avenue church for some days past that Mr. Pridgeon would eventually reenter the Presbyterian church, and that a compromise would be made by having the new congregation call him to the pastorate. The Pittsburgh presbytery would receive Mr. Pridgeon, as it is believed that he is at heart a Presbyterian. Concerning this Mr. Pridgeon said:

"I shall not say positively what I shall do in the event of the Presbyterians making such a proposition. Our work is encouraging here. I shall not say that we will not give the church to the Presbyterians. I must first know in what form the proposition will be made and what it implies."

Should the owners of the building agree to sell or lease it to the Presbyterians it would mean the abandonment of the "faith system," inaugurated by Mr. and Mrs. Pridgeon and the making of it a purely denominational church.

Society

IN the Fourth Presbyterian church, Evaline street, Shadyside, where her father is pastor, occurred the wedding last evening of Miss Harriet Louise Shrom and George Watson, Provost. It was an exceedingly pretty wedding and the church was filled with friends of both the bride and the bridegroom. The ceremony was performed at 7:30 o'clock, the bride entering with her father, the Rev. William F. Shrom, D. D., who gave her away. The marriage ceremony was performed by the Rev. James Gardiner of Delaware, O., assisted by the Rev. William Stemmons, D. D., of Washington, Pa.

There was a large bridal party, including the maid of honor, Miss Mary Shrom, a sister of the bride, and four bridesmaids, Miss Laura Shrom, another sister of the bride, and Miss Lillian Provost. Miss Anme Provost and Miss Helena Provost, sisters of the bridegroom. John Provost, a brother, was the best man, and the ushers included William Shrom, a brother of the bride; Samuel Provost, a cousin of the bridegroom; Edward Chalfant, David Chalmers, John Wollet and Dr. John Chessrown.

It was a pink and white wedding the decorations of the church being confined, however, to a grouping of tropical plants about the pulpit and in the choir. Pink and white roses were combined with the green in the decorations of the house, where the wedding supper was served to the members of the bridal party and intimate friends of the bride and the bridegroom. The bride wore a wedding gown of white silk muslin over white silk and elaborately trimmed with lace. She wore a veil of tulle and her bouquet was composed of white bride's roses. The attending maids were prettily gowned in pink and white, carrying bouquets of pink roses. The maid of honor wore a gown of white organdie over pink silk, the bridesmaids' gowns being of white point d' esprit with pink sashes.

The bride and bridegroom left last evening for a wedding trip east, expecting to return in a couple of weeks. They will live in Edgewood park. The bride is well-known in musical circles in Pittsburgh and has sung for some time at the Fourth Presbyterian church.

Plans of the Alumnae Association.

The Alumnae association of the Bishop Bowman Institute proposes giving one more theatrical benefit in the Alvin, which will be held late in October or early in November. Plans for this mammoth entertainment were discussed yesterday afternoon at the annual meeting of the Alumnae association at the institute in Fifth avenue, Oakland. The regular election of officers was postponed until the first meeting in the fall, when the yearly work of the association actually begins.

The association has raised a fund of $5,000 for the purpose of creating a scholarship in the institute. The rate of interest secured on the fund of $5,000, placed in trust, was considered not sufficient to establish the scholarship and an additional $1,000 will be raised during the next year, the greater portion of it, if not the entire amount being secured, it is hoped by the theatrical benefit. The entertainment committee is negotiating with a New York company for the production of one of the novelties of the past New York season, which goes on the road in September, and its premier performance in Pittsburgh in connection with the benefit entertainment of the Alumnae association of the Bishop Bowman Institute. So successful have these benefits given under the auspices of this association been in past seasons, that nothing else was considered when it was decided to raise the additional $1,000. Mrs. Willian T. Stevenson is chairman of the entertainment committee.

When the scholarship fund is completed it is the intention of the Alumnae association to give small entertainments for the members of the association, but no more large benefits. The present officers are Mrs. James Holland Hammond, president; Mrs. Davis, treasurer and Miss Slagle, secretary.

An Interesting Wedding.

The wedding of Miss N. Elsie Reineke and Calvin Claude Henry will take place at the home of the bride's mother, Mrs. Wilhemina Reineke in Dickson avenue, Ben Avon, tomorrow, June 18, at 8 o'clock. The ceremony will be performed by the Rev. A. F. Van Tossen. The bride's attendants will be her sister, Miss Sophia Reineke, the maid of honor, and Master Frazier Stevenson, a cousin of the bridegroom, who will be a page. The ushers will be John B. Diamond and William Wallace Hambright. Miss Reineke is a daughter of the late Henry Reineke, for many years president of the Reineke-Wilson Corporation. She is a graduate of the Carter Conservatory of Musical Art and has for several years been organist in the Second Presbyterian church of Allegheny. Mr. Henry is connected with the German Fire Insurance Company of Pittsburgh.

Elaborate Card Party.

An elaborate card party was given yesterday afternoon by Mrs. Samuel Cole, at her handsome home in Chestnut street, Sewickley. About 60 guests, several from Pittsburgh, were in attendance, and the game was six-hand euchre. The affair was in honor of Mrs. George Ihmsen, who is visiting with Mrs. Cole. The decorations, which were very elaborate, were green and white. Novelty score cards, also green and white, were used. The prizes, several of which were hand painted by the hostess, and which were very pretty, were won by the following: The lone-hand prize, by Mrs. George P. Rose, and the others in their order by Mrs. E. E. Heck, Mrs. F. D. Liggett and Mrs. Edward O'Neil.

A Wedding Announcement.

Announcement has been made of the coming marriage of Miss Mary Aiken, daughter of the late John Aiken, who was a prominent Washington (Pa.) attorney, to Edwin Linn, son of the late Rev. Alonzo Linn, D. D., LL. D., for many years vice president of Washington and Jefferson college. The marriage will take place early in August at the home of the bride's mother in South Main street, Washington. Miss Aiken has been popular in Washington society and is a graduate of the Washington seminary. She is a sister of John Aiken, captain of last year's W. and J. football team.

Welcomed Members Home.

The Monday club of Carnegie held a special meeting yesterday afternoon at the home of Mrs. E. W. Powers in Beechwood avenue in honor of Mrs. R. L. Walker and Mrs. William J. Glenn, who have just arrived home in Carnegie, after an extensive tour of California and western states. A large number of members were present, and the afternoon passed in a social manner and with music. The hostess served refreshments. The club then adjourned until the beginning of next season.

Wilkinsburg Couple Wed.

Dr. William Emmett Kiner and Miss Ida Mutzig, the daughter of Jacob Mutzig, will be married this evening at 7 o'clock at the home of the bride's parents, Rebecca street, Wilkinsburg. The Rev. Alfred Nicholson will perform the ceremony. There will be no attendants. After an eastern trip Dr. and Mrs. Kiner will make their home in Wilkinsburg. They are both well known there and have many friends through the East End district.

Will Wed Today.

Miss Maude C. Theobald of Millvale borough, and Otto H. Demmler, of the firm of Demmler Bros., will be married this evening at the home of the bride's mother, Mrs. Caroline Theobald, No. 200 Lincoln avenue, Millvale. The wedding will take place at 8 o'clock, the Rev. Geoffs. M. Campbell, D. D., pastor of the Millvale Presbyterian church, performing the ceremony.

Notes of Society.

INQUIRIES ANSWERED.

Mrs. A. D. E. writes: Can cold boiled fish be used in making a chowder and also inform me whether the entire wheat grain is ever cooked and served like boiled rice.

Cold Cooked Fish in Chowder.

You can use cold boiled fish in this manner, but it is not considered as desirable for the purpose as fresh uncooked fish for obvious reasons. If were better used in a cream or some such tasty dish; but still may be made into a very palatable chowder by using clam broth with it.

Boiled Wheat.

This method was one employed by our grandmothers. Usually the new grain was selected for this purpose, but no doubt the dried wheat will answer as well, requiring a longer cooking of course. Prepare it just as you would plain boiled rice and when tender pour into a colander and steam over hot water for an hour and serve with stewed, sweetened fruit.

Spaghetti American Style.

Mrs. M. H. A. writes: Will you please give recipe for preparing spaghetti with tomatoes, green peppers, etc.

Put two tablespoonfuls of oil or butter in a porcelain-lined saucepan and when hot put in a quarter of a pound of spaghetti broken into three-inch lengths, half an onion sliced, one large ripe tomato cut into cubes, a sweet, green pepper sliced and a seasoning of salt and pepper. Stir and cook until brown. Then add one and one-half cups of good stock or water, cover and cook slowly until spaghetti is tender and stock absorbed. Serve hot.

Partly-Cooked Cereals Dangerous.

In the common-sense crusade in favor of cereal foods, many people lose sight of the fact that they cannot escape all the flesh-eating ills if they are careless about the use of starch foods. Partly-cooked cereals are dangerous. They enter the stomach in a condition unfit for assimilation and yield small nourishment. A properly dextrinized (pre-digested) food furnishes energy and builds up the system. It finds an enthusiastic reception in the stomach, which realizes in the lightening of its load. Toasted Wheat Flakes is such a food. It is sweetened with Malt Honey, nature's health sweet, and is delicious and satisfying. Imitations may deceive the eye, but not your stomach. The genuine Toasted Wheat Flakes packages bear a picture of the Battle Creek Sanitarium.

League Games Today.

Brooklyn at Philadelphia.
New York at Boston.

Boston, June 16.—A sudden shower caused trouble and plenty of it at the South End grounds, where the Pittsburgh and Boston teams were trying to play the last game of the present series. The shower drove 2,000 baseball enthusiasts from the bleachers back of first base in a joyful panic across the foul ground and into the already crowded grandstand in a fashion that rendered the police helpless.

Meantime the Boston players, who were three runs behind and then realized that the four innings required would not constitute a game, were delaying matters as only baseball players can, trusting that Umpire Cantillon would presently see well enough to realize that rain was falling. That official, who is a stickler for the fine points of his job, not only refused to take the hint, but awarded the game to Pittsburgh by the time-honored quotation of "9 to 0." The actual score was 3 to 0, Pittsburgh having accomplished the scoring and being at the bat with two men out in the first half of the fifth inning.

Umpire Intends to Be Boss.

Cantillon's decision was taken by most people to be in connection with the presence of the crowd in the field, but after the game he said that he had awarded the game to Pittsburgh on account of the dilatory tactics of the Boston team. He added, with emphasis, that he was, and intended to be, "boss of the field" at all times and seasons. While he was speaking thus to a disgruntled group of Boston players and officials inside the box office a large part of the crowd gathered at the grandstand wicket demanding their money or its equivalent in checks. The demonstration was punctuated with yells and warlike sentiment. The management refused to give out either money or checks. They claimed that most of the applicants were decent bleachers who had climbed into the grandstand when the surge ended. They also alleged that the division of the receipts had already been made with the representatives of the Pittsburg club. Stimulated by a squad of policemen the mob finally dispersed.

The umpire's decision, while clearly legal so far as the letter of the rules was concerned, was thought to have been a little tactless and hasty by the local fans, who are noted as being among the fairest on the league circuit. Had he been given the dilatory players a warning the result would probably have been different. Calling the game for 10 minutes would have seen the shower passed and an abundant opportunity for "playing ball" in legitimate style.

Cannonball Was in Fine Form.

The score, as far as it had gone, has found Tannehill of Pittsburgh almost invincible, while Eason, who took Vic Willis' place for Boston, was unsteady and was batted freely. While the rain was falling Long made no effort to hold Bransfield out at first and he was allowed to walk around to third base at his own sweet will. He scored when Ritchey hit a ball that Eason probably sent over the plate by accident, and then Cantillon put an end to affairs.

DUNHAM WAS BUMPED.

Hanlon's Batters Had a Picnic With Donovan's Team.

BROOKLYN, N. Y., June 16.—Brooklyn defeated St. Louis rather easily in the first game of the present series at Washington park. Dunham was knocked out of the box in the sixth inning, while Donovan held the visitors down to two hits. The score:

THE AMERICAN HENLEY

It Has Finally Taken Definite Shape and Will Likely Become a Fixed Fact.

BOSTON, June 16.—The movement for an American Henley has taken definite shape through the organization of the American Rowing association as the outcome of a meeting in New York on May 10 of a number of gentlemen interested in college aquatics. The matter of a regatta was left to a board of stewards and their plans for the immediate future were announced in Boston tonight, by Mr. R. P. Blake. It is proposed to hold the first American Henley on the Schuylkill river at Philadelphia in July of next year. The board of stewards is composed as follows:

Philadelphia—Thomas Reath, William Hunt, Forbes, Charles S. W. Pickard, Dr. James L. Hutchinson, Dr. J. William White, Edson F. Gallaudet. Cambridge—Prof. Irving K. Houjs. Boston—H. L. Higginson, Jr., E. C. Storrow, R. P. Blake, Dr. Hugh Cabot, W. J. Henderson. Ithaca, N. Y.—Prof. W. P. Grund. New York—Dr. Julian W. Curtiss, Henry S. Van Buzer, Dr. John A. Hartwell. Detroit—Dr. A. H. Buckwin.

The plan of organization of the American Rowing association differs radically from that at present in vogue. The board of stewards is a self-perpetuating body with the idea of maintaining its own standard, irrespective of the views of those who may contest in its regattas. It does not represent any university or boat club, and comes into being under the belief that with the increase of interest in rowing among college men and college graduates the time has come for a forward step in American rowing.

The claim is also made that while the National regatta is an admirable and indispensable fixture, it does not appeal to men who have no aspirations for championship honors.

IN SPECIAL RACE.

American Derby Candidates Will Test Their Speed.

CHICAGO, June 16.—Ten of the most prominent candidates for the American Derby which will be decided next Saturday, have been entered in a special trial race offered by the Harlem Jockey club, as a final chance for these colts to take part in a race such as will put a horse on edge for the bruising contest to come at the end of the week.

The owners who have availed themselves of this opportunity and their entries are: E. E. Smathers' Crusader, H. C. Hilbreth's McChesney, which this afternoon worked a mile and a quarter in 2:08 2-5 on a slow track as a preparation for this event; J. B. Respes' Belles Commoner, John A. Drake's Wieth, G. C. Bennett's Sir Frank or Aladdin, M. H. Tichenor's Jaubert, J. U. Strode's Prowl, P. Dunee's Kilby, A. Cahn's Terra Firma, Turney Bros.' Glenwater and B. Schreiber's Otis, the winner of the St. Louis derby last Saturday.

The conditions of the race are a mile and an eighth for 126 pounds, the scale, for a purse of $1,500, offered by the Harlem Park Jockey club.

Second round: Donaldson won from Nelson, 3 up; Kintner from Harbison, by 1 up; Grubbs from Lindsay, 1 up; Eyster from James, 2 up; Miller from Hadley, 2 up. In one match of third round Donaldson beat Kintner by 1 up.

IN JUDGE'S HANDS.

John I. Rogers Pushing Case Against the Contract-Jumpers.

PHILADELPHIA, June 16.—Argument was heard in common pleas court today by Judge Ralston on the rule issued against Second Baseman Lajoie and Pitcher Bernhard of the Cleveland American league baseball club, to show cause why they should not be declared in contempt of court for disregarding the order of the court restraining them from playing baseball with other than the Philadelphia National league club. John I. Rogers, who represented the Philadelphia club also asked that Charles Sommers, president of the Cleveland club, be made a co-defendant in the contempt attachment for aiding and abetting the players in disobeying the court's order. Judge Ralston took the papers and reserved his decision.

OPENING TOURNEY.

Northside Gun Club Promises Fine Sport for Shooters.

The opening tournament of the North Side Gun club will be held on the club grounds in Allegheny next Tuesday. The program calls for 12 events at 10, 15 and 20 blue rocks. The shoot will be under the management of Lew Fleming and that insures its success.

One of the events will be a contest for the bronze medal, emblematic of the target championship of Western Pennsylvania, between I. E. Fleming of Pittsburgh, holder, and W. D. Berger of Allegheny City, challenger. A prize of $4 will be given to each of the three high guns, and to each of the three low guns shooting through the program. Shooting will commence at 9:30 a. m., rain or shine.

WON IN THE NINTH.

The Indiana Team Made a Great Finish and Won the Game.

NEW WILMINGTON, PA., June 16.—(Special.)—Indiana keeps on winning. After Westminster had the game won in the eighth inning, the score being 3 to 0, Indiana took a brace and scored four runs in the ninth. The game was a wrestling and hard fought from start to finish. Cleeland made a great catch in middle field for Indiana, which prevented a score. In the ninth inning, after getting two men on bases by flukes, Indiana batsmen took a brace and with a two-bagger and a three-bagger and single, succeeded in getting all the runs necessary. Score:

ONLY LIGHT WORK.

Yale and Harvard Oarsmen Took Things Easy.

GALES FERRY, CONN., June 16.—All the Yale crews did light work this morning owing to the unfavorable condition of the weather.

Harvard's varsity oarsmen received a 45 minutes' spirited coaching this forenoon from Mr. Higginson. He told his men they had been rowing too light. He also told them that Harvard is weak at Yale's very strongest point, the catch. He explained that Harvard hangs badly while Yale drops oars without loss of time.

The other two crews did light work and after the morning practice all the oarsmen were informed that they had done ragged work.

FINED $50 AND COSTS.

A. Wirth, a Retired Butcher, Convicted of Selling Diseased Meat.

A. Wirth, a retired butcher of Oliphant street, East End, who was charged by Meat and Milk Inspector A. H. Edwards with selling diseased meat, was fined $50 and costs yesterday by Alderman W. A. Means of Frankstown avenue.

A hearing was held in the case on Friday, when it was testified that a cow owned by Wirth which had been sick for a month, had been slaughtered by him, and that he had offered the carcass for sale to a number of East End butchers. He afterward disposed of one-half of the cow to F. D. Ort, a butcher at Meadow and Larimer avenues, and the other half to Lowenstein Bros., who sent it to Coal, Washington county.

ASTARITA'S WORK WAS THE SURPRISE

THE FILLY PICKED UP 120 POUNDS AND WON THE RACE.

Was Up Against Some Speedy Runners, but Had No Trouble Securing a Victory—Three Favorites Managed to Show Front for Packers.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, June 16.—The feature of the racing at Sheepshead Bay today was the brilliant performance of J. C. Follansbee's fast filly, Astarita, in the Rosebud stakes for 2-year-old fillies. Sir Barnard Jones. She picked up 120 pounds, and, giving away 10 pounds to each of her competitors, won by two lengths in 1:01.

Three favorites, two second choices and an outsider divided the money. The weather was threatening and the track fast. Summaries:

First race, for 2-year-olds, last five furlongs of the Futurity course—Blue Ribbon, 117, Odom, 12 to 1, and 4 to 1, won; Alsono, 110, Turner, 5 to 2 and 6 to 5, second; Bensonhurst, 122, Brennan, 4 to 5 and 2 to 5, third. Time, 1:01 1-5. Our Nugget, Abol, Paramount, Clonnevis, First Chord, Druschen, Granium, Mad. Graham, Erora, Rymerdale and Rockford also ran. Rockford was at post.

Ten Candles at the Front.

Second race, 1 mile—Ten Candles, 108, Shaw, 9 to 5 and 4 to 5, won; Kenmore, 98, Powers, 12 to 1 and 4 to 1, second; Goldsmith, 111, Burns, 15 to 10 and 1 to 2, third. Time, 1:39. Old England and Richara also ran.

McCHESNEY'S FAST WORK.

Hildreth's Derby Entry Went a Sensational Mile and a Quarter.

CHICAGO, June 16.—S. C. Hildreth's derby entry, McChesney, furnished a special feature for the spectators at Harlem today by working a mile and a quarter in sensational time 2:08 2-5. This is regarded as the best work-out given any derby colt up to this time. Favorites fared poorly in the six events today. Zibia, heavily backed in the second race over Corrigan's Judicious, who was always the favorite, led all the way and won with a length and a half to spare over Vassal Dance, with Judicious third. In the steeplechase the favorite, Farrell, was defeated by but a length by Dagmar, who was given a perfect ride by Mcgerson. Weather clear; track good. Summaries:

First race, 4½ furlongs—Alice Cary, 100½, Winkfield, 3 to 1, won; Courage, 100, Hoar, 7 to 1, second; Imramous, 96, Birkenruth, 2 to 1, third. Time, :55 2-5. Jelsi, Jacaful, Senator Morrison, North Pole and Penance also ran.

Second race, 5 furlongs—Zibia, 106, Mathews, 12 to 5, won; Vassal Dance, 114, Gilbert, 10 to 1, second; Judicious, 97, Mcguire, 4 to 1, third. Time, 1:02 2-5. Lucy Locket, Queen of Diviana, Palmetto, Illuminate, Penn Gra Ma Chree, Baby of Roseville also ran.

Third race, short course, steeplechase, Dagmar, 137, Mcgerson, 5 to 1, won; Farrell, 141, R. Taylor, 13 to 5, second; Ballela, 138, G. Kelley, 3 to 1, third. Time, 3.39 2-5. Corrillo, Gilsanda, Cyrus also ran. Oxley ran out. Helen Paxton lost rider.

Fourth race, 1 mile—Vincennes, 109, Mathews, 5 to 1, won; Trantham, 93, Meade, 9 to 2, second; Lucy Mac, 95, Gilbert, 9 to 1, third. Time, 1:43 3-5. Lancaster, Lyda, Illowah, Henry of Franklin, Gus H. and Modern also ran.

Fifth race, 5 furlongs—King's Lady, 105, Odom, 11 to 5, won; Ribeta, 109, Lyne, 13 to 10, second; Lenoo, 109, J. Miller, 13 to 5, third. Time, 1:02 3-5. Frances Porter, Florence H. and Baragram also ran.

Sixth race, 1 mile—Homage, 102, Hoar, 18 to 1, won; Birdie D., 102, T. Dean, 3 to 1, second; Dodie S., 92, Meade, 4 to 1, third. Time, 1:43 3-5. Ernest Parham, Golden Scepter, Whitcomb, Thistles, About, John Drake and Chickadee also ran.

Following are the Harlem entries for tomorrow:

Fifth race, 5 furlongs, selling—Senator Morrison, Dr. Lopez, 105; King Dodo, Fleuriline, Almansa, 10; Florestan, 103; Lampoon, Clarissa Bell, 101; Mauser, 100; Frances Porter, 99; Lady Mattress, 98; Vestia, 92.

Big Rube May Drift Back

RUBE WADDELL MAY RETURN TO THE CHAMPIONS

Butler County Boy Sent Check and Return Ticket by Manager Clarke.

HE IS BACK FROM FRISCO

Rube Side-Stepped Connie Mack at Chicago Yesterday and Is Liable to Show Up in This City Most Any Day.

It may be that Rube Waddell, the Butler county boy with the cunning left arm, may be a member of the Pittsburgh team again. One thing is certain, and that is overtures have been made to the big fellow by Manager Clarke, and Rube is just as liable

RUBE WADDELL.
The Butler County Boy, Who May Return to the Pirates.

to turn up here as anywhere else. In fact, Pittsburgh's chances are better than those of any other team, because Rube has long had a desire to return to his former comrades, and his staunch friend and adviser, Harry Pulliam.

President Dreyfuss let out a state secret yesterday afternoon during a talk about the Butler county boy when he said that last winter Manager Clarke had sent Rube a check for $100 and a ticket from San Francisco to Pittsburgh, but the Butler county boy had never been heard from. Neither did he return the check or the ticket. These financial obligations are the things which have always had Rube in more or less trouble ever since he was parted from his financial manager, Secretary Pulliam.

It was announced last week that Connie Mack had succeeded in securing the services of Waddell and that he would pitch Monday's game for Philadelphia against Chicago, but he failed to put in an appearance, and Mack had to skirmish about and secure another pitcher. It is known for a fact that Rube has returned from California and as he did not appear in Chicago yesterday there is a chance that he is headed toward Pittsburgh and is liable to appear at Exposition park most any day. That, at least, is Waddell's way of acting.

The Butler county boy was turned over to Chicago by the Pittsburgh club two seasons ago and it was thought that Tom Loftus, who was then managing the Chicago team, would be able to handle the big fellow, as he had him in charge once before and got first-class work out of him. Rube remained with the Chicago team until last season, when he was suspended for failing to appear at the grounds in time to pitch a game. Waddell went out to California last winter with a team organized by Umpire Cantillon and the big fellow surprised the natives by his wonderful work. He became a great favorite on the coast and signed with the Los Angeles team. He pitched great ball for that club, but he got tired of the coast and returned east last week.

From the fact that Manager Clarke last winter sent him a check and a return ticket shows that the Pittsburgh club still has a claim on the big fellow's services. If Rube could only be induced to cut out the frills and side issues he would be one of the greatest pitchers in the country.

ENTRIES COMING IN.

Athletes Already Send in Names for Fourth Sports—The Work on the Track.

The receipt of 15 entries indicates that there will be a large list of contestants for the president's meet at Schenley park on July 4. The books will be open 12 days longer, but athletes desiring low numbers should send in their entries at once, as on the day of the meet contestants will be numbered in the order in which they entried. It has been decided to cut out number 13 in the bicycle and athletic events, as the superstitious dread of the hoodooed figures is so strong that few persons like to compete under it.

Three of the entries received are for the motor-paced race for amateurs. It must be understood that the amateurs must furnish their own pacing machines, single pace, but allowance will be made by the committee for this expense.

A conference was held yesterday at city hall at which it was decided to submit to Recorder Brown today a new plan for expediting the work of banking the track at Schenley park. It is proposed to cut down the pole side of the course two feet and use the material taken out to raise the outer edge. This will save hauling and make it possible to have the track ready for the roller 10 days before the Fourth.

WON'T FIGHT IN AUGUST.

Young Corbett Will Not Meet McGovern Until October.

DENVER, COL., June 16.—Young Corbett has announced that he will not fight Terry McGovern in August, as planned. The champion demands that the fight take place some time in October. Corbett will go east early in September, when he will begin training near New London, Conn. "My fight with Sullivan on next Friday night, and a bout the week following with Ace Attield, will be the only battles I will fight before meeting McGovern," said the champion.

Rain Again Knocks Out Polo.

LONDON, June 16.—The third and final game of the series for the American polo cup was again postponed today, owing to the wet weather. The date of the next contest has not been determined upon.

DISPUTE ENDED HIGH SCHOOL GAME

ALLEGHENY OUTPLAYED PITTSBURGH, BUT LEFT THE FIELD.

At the Time of Trouble the Score Was 8 to 4 in Northside Team's Favor. Umpire Awarded Pittsburgh Team the Game.

The deciding game for the public school honors of the Pittsburgh district ended most unsatisfactorily yesterday afternoon in a dispute between the Allegheny and Pittsburgh high school nines over a decision of Umpire Keeskey. On the actual merits of play Allegheny, which had not lost a game this season, well defended its claim to the title of champions; but with the score of 8 to 4 in her favor Capt. Burgess of Allegheny acted with ill-advised haste in calling his team from the Friendship park field while the dispute was in progress, and Umpire Hanlon awarded the game to Pittsburgh by a score of 9 to 0.

It was in the last half of the ninth inning that Umpire Yeaskey, who had been agreed upon as Allegheny's choice, called out Arnold at the plate when he was apparently safe. Yeaskey's decisions had been unsatisfactory throughout the game and High school made a strenuous kick, insisting that the game would not be played out unless a new umpire was installed.

Where a Mistake Was Made.

If Allegheny had lined up and called for play the Pittsburghs would have been in the hole, but instead Capt. Burgess called his nine from the field. There was little doubt as to the superiority of Allegheny at playing ball, the team having defeated Pittsburgh in a previous game by a score of 6 to 4.

With correct decisions and proper support for Gardiner the battle would have been much closer, however. The honors were about even between James and Gardiner, the latter if anything pitching the better game, as he was handicapped by weak support.

There were no outs when the decision which ended the game was made, and Pittsburgh claims the right of a fairer count before being eliminated from the race for the school honors, though on the season's work Allegheny is far in the lead and should certainly have had a chance at Shadyside academy.

Game Was Interesting.

The game was an interesting one up to the point where the dispute arose. Pittsburgh took the lead in the second and held it until the fifth, when Allegheny rapped out some good hits, and, aided by errors, piled up three runs. Allegheny added to this lead in the seventh and looked to have the game sewed up, though the Pittsburgh team had a fighting chance, which it was most ready to avail itself of. Allegheny played a hard, clean game throughout, every member of the team holding up his end.

For Pittsburgh Gardiner was the star, maintaining excellent control in spite of the weak spots in his support. Capt. Smith, as usual, played a steady game, while Spuhler and Headrick helped Allegheny by errors. The score:

TERRY'S BALL TEAM.

McGovern Shows Himself Handy With the Bat.

NEW YORK, June 16.—(Special.)—The McGovern baseball club, of which the former featherweight champion is the captain, defeated the Ridgewoods on Sunday at Ridgewood park, Brooklyn. McGovern played second base and did well. His batting was a feature of the game. In the first inning he hit the ball into right field for a home run. "Broadway MAlec" Smith, the former National league catcher, is a member of the McGovern team.

Will Play By Electric Light.

ROCHESTER, PA., June 16.—(Special.)—The baseball fans of this place are promised some unique entertainment for next Saturday evening, when a game will be played at the Rochester Athletic association park between the locals and some to be announced. The unique feature of the event is that it will be called at 8 o'clock, and will be played by electric light. The park will be brilliantly illuminated by hundreds of incandescent lights and Manager Cleveland is authority that the contest will be an interesting one. Manager Cleveland has booked the Fairbanks team of Pittsburgh for next Saturday afternoon, and has cancelled the game previously arranged with the New Castle nine. It is likely the Fairbanks will also play the Rochester team in the evening.

AMONG THE AMATEURS.

Pittsburgh College will play California State Normal this afternoon at California, Pa.

Dallas A. C. is scheduled to play the W. E. A. C. of Canonsburg at Canonsburg Saturday, June 21.

The C. A. C. defeated the W. S. by a score of 13 to 12 in a 10-inning game. The C. A. C. has a good record, winning three out of four games.

The Swissvale A. C. is desirous of securing the services of one or two pitchers who could also play the outfield. Pitcher Bert is requested to answer this. Address box 127, Swissvale, Pa.

The Pittsburgh A. C. is without a game for Saturday, June 21, and would like to hear from some 9 or 10-year-old team for games. Address Walter Walkmeyer, Postoffice box 1028, Pittsburgh, Pa.

The American Bridge Company second team would like to hear from all 15 or 16-year-old teams having grounds for Saturdays of June and July. Address H. E. Murdoch, Fifty-first street, cars American Bridge Company.

Primrose will open their season with the Trenton A. C. Saturday. They would like to hear from strong teams, Shaner A. C., Posters of Canal Dover, Penn Concession, East Liverpool and Manor preferred. Address R. G. Foster, postoffice box 1404, Pittsburgh.

The Waldorfs and Sycamores meet this afternoon for the first game of a series to decide the championship of the Allegheny Alleghenys. The game will be called at 5:30 p. m. on the lower Exposition grounds. Batteries—Waldorfs, Knapp and Hartmus; Sycamores, Crawford and Demons.

The Pittsburg and Doctors and the Homewood and Brushton Doctors will meet at Friendship park today at 3:30 p. m. Both teams are composed mostly of old college players. A large attendance is expected and everybody is invited. The game two weeks ago resulted in a victory for the East Enders.

The Highwood A. C. would like to arrange a game with Stanton A. C. for Saturday, June 21. They would like to hear from Manager Conley of Highland A. C. as to a game for the Fourth of July. They seem to be afraid of Highwood A. C. All other 11 or 12-year-old teams address Robert S. Ellis, 1547 Pointview street, East End, city.

The following Woodlake A. C. players must report tonight for practice: Diemer, Miller, Thorn, Bradley, Doran, Nagley, J. Buerger, White, Carroll and Wilson. The Woodlakes have a few open dates and would like to arrange games with all strong amateur teams in the county, the following preferred: Lyceum, Quaker A. C., Aspinwall A. C., South Side A. C., Crafton and all other strong teams. Address Manager Frank J. Buerger, box 2, Station A.

Manager Seibel of the East Liberty baseball team will reorganize the team at once. The team has not been playing the game it is capable of, and several of the old players have been let out and new men will be signed. The team will play at Turtle Creek next Saturday with their new line-up for the first time. The players that now compose the team are: Mockbaugh, Gamble, Ralloch, L. Seibel, Orr, Stopford, J. Seibel, Youngson, Spuhler, Headrick and Bauer. Herman Smith, captain of Pittsburgh High School may also line up with East Liberty. All good out-of-town teams or local teams having grounds are requested to write for dates at once. Address Lou Seibel, box 42, Station A, Pittsburgh.

INTERESTS OF BIG CONCERNS CLOSELY WOVEN

Transfer of Bethlehem Works to the Shipbuilding Combine Case in Point.

PART OF U. S. STEEL POLICY

The Corporation Aims to Acquire a Substantial Interest in All Large Concerns With Which It Has Extensive Dealings.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, June 16.—The deal whereby J. P. Morgan & Co. turn the Bethlehem Steel Company over to the new combine, the United States Shipbuilding Company, is but another example of the United States Steel Corporation's policy of securing permanent financial interest in the industries and companies that consume the products of the steel combine in large quantities.

Precisely what arrangement has been made by J. P. Morgan & Co. with the shipbuilding combine in behalf of the United States Steel Corporation is as yet unknown; but this much is certain, that the United States Steel Corporation exclusively will supply the United States Shipbuilding Company with all of the steel products that the latter shall have capacity of its own plants. These "over and above needs" are likely to be very large. Although the Bethlehem Steel Company manufactures plates it cannot nearly supply the shipbuilding combine with all of this product that it will need. On the other side the United States Steel Corporation undertakes to supply the shipbuilding combine with material at prices that will always enable it to compete with foreign shipbuilders; and a still more interesting matter is that the United States Shipbuilding Company will build all the vessels required by the Morgan trans-Atlantic shipping combine.

Guessing on the Price.

The Bethlehem Steel Company is quite the most important concern in the United States Shipbuilding system, and it is only reasonable to suppose that the United States Steel Corporation will have considerable to say as to how it shall be operated. The price paid to J. P. Morgan & Co. for control of the Bethlehem Steel Company is for the present withheld, but it is understood that it was more than $2a a share, which is the price originally paid for control first by Charles M. Schwab and again by J. P. Morgan & Co. when the latter took the speculation off the hands of Mr. Schwab.

The advantages accruing to the United States Steel Corporation from this deal are manifest. In the United States Shipbuilding Company develops into its lines projected it will need large quantities of steel plates and other products of the United States Steel Corporation, and the latter has the former as its exclusive customer.

One of the direct results of the deal is expected to be a renewal of the efforts to form a combination of the several independent steel plate companies. A movement to this end failed several months ago, but negotiations are said to have been revived. The list of companies in which the United States Steel Corporation is largely interested in shipmetal way now includes, besides the United States Shipbuilding Company, the Steel Foundries Company, the Allis-Chalmers Company, the Chicago Pneumatic Tool Company and the Nickel Corporation. How closely these widely scattered interests harmonize now begins to appear. The International Nickel Corporation, for exaeple, furnishes material for tempering armor plate; the Steel Foundries Company manufactures big castings for steamships; the Allis-Chalmers Company manufactures steamship engines; the United States Shipbuilding Company will build vessels, and the United States Steel Corporation produces the material that all of the others need.

It was officially announced today that Max Pam will be a director of the United States Shipbuilding Company.

Semi-Annual Settlements Coming.

Bankers today expressed the opinion that money would gradually tighten with the approach of the semi-annual settlement period. Something near $125,000,000 in dividends and interest will be disbursed on industrial and railroad stocks and bonds and government securities. Payments in July of last year aggregated $110,000,000. However, the banks are in a stronger position, from the standpoint of surplus, at present than a year ago, and the opinion is expressed that the heavy disbursements next month will not be accompanied by excessive rates for money.

The tendency toward the consolidation of industrial concerns is largely responsible for the apparent increase in dividend and interest payments during the past years. Many of the concerns that are now constituent properties of the big industrial organizations were, previous to their absorption, too small to figure in the calculations. Dividend and interest disbursements this year foot up to $123,911,009. In the corresponding period of last year they aggregated $381,000,000.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, June 16.—Mining is making steady progress at Washington Bar. Last week the Revenue Monitor shipped two carloads of ore running between $3,000 and $4,000 to the car, and two cars from the Lehigh netted $125 a ton. The snow is disappearing from the mountains and owners are preparing for work on claims at a high altitude.

The Chicolo, Avalon, Helen B. and Hard Carbonate companies at Cripple Creek have been merged into a compact group embracing 11,173 acres. The Chicolo Consolidated Gold Mining Company, a new concern, will be launched with a capitalization of $3,000,000 in $1 shares.

A correspondent at Aspen, Col., writes that two strikes were made in the Molly Gibson district. One was a large chute of good milling ore from 20 to 25 feet wide, and the other averages three feet of high-grade ore.

A cross-ledge has been encountered on the 300-foot level of the Trade Dollar at Republic, Wash. The quartz is of a bluish tinge and entirely different from the ore in the main ledge. Average assays run $12 a ton.

Fifteen days' run of the Spearfish in the Ragged Top district, South Dakota, resulted in a gold brick worth $10,650.

In the Robert Dunbar shaft of the Russell Gulch Company, near Idaho Springs, Col., a streak of ore has been opened at a depth of 150 feet that assays $45 50 a ton in gold, silver and copper.

Revised figures show that the total bullion product of Tuscarora district, in Elko county, Nevada, is $34,892,300. Of this total, $20,415,700 was silver and $5,477,550 gold.

Most of the placer mines in the Josephine district, Oregon, have made their final cleanup for the season. The small outfits have already shipped $100,000 gold, and $100,000 more is yet to come from the large hydraulics. The yield is about 40 per cent more than that of any previous season.

A rich strike of copper ore is reported in the Applegate part of Josephine county, Oregon. The ledge ranges from 20 to 200 feet in width. Specimens run about 50 per cent copper.

Salt Lake reports that ruby copper has been struck in the Mammoth, at a depth of 2,100 feet, and gold-bearing ore assaying $50 a ton have been opened on the 1,800-foot level and followed down to the 1,950-foot level.

The Metal Market.

London market for tin was not materially changed today, spot closing at £120 and futures at £120 2s 6d. The local market for the metal was about 25 points lower, with spot closing at $29 75@30 25. Copper ruled easy and quiet here. Lake Superior for delivery all this year was offered in lots of 500,000 pounds a month at $12 50. The local market closed with standard spot in August at $11 70@12 00; Lake Superior, $12 25@12 50; electrolytic, $12 15@12 25; and casting, $12 12½@12 25. Lead was steady in tone here, but was quiet and unchanged at 4¾c. London was also unchanged at £11 5s. Spelter ruled nominally steady at New York at $4 87½@. London palms £20, closing at £19 17s 6d. The local iron market was quiet and steady at former prices. Warrants were nominal. No. 1 foundry northern, $21 50@22 00; No. 2 foundry northern, $20 50@21 00; No. 1 foundry southern, soft, $20 50@21 50. The English markets were quiet. Glasgow closed at 54s 6d and Middlesboro at 49s 7½d.

Grangers More Active in Wall Street

LEADING STOCKS PLAYED FOR RISE, NET GAIN SMALL

Character of the Market Very Much as It Was for the Past Week.

CLOSE IS DULL AND EASY

Readings Take on an Advance, but It Is Not Held Long—Movement in Western Stocks Obviously Professional—Heavy in London.

New York, June 16.—The character of today's stock market remained the same as that of last week. There were operations for a rise in a few prominent stocks, but they were not aggressively pursued and left no important net results. St. Paul, Missouri Pacific, Union Pacific, Canadian Pacific and the Atchisons were most largely dealt in. It will be seen that none of these saved as much as a point of net gain on the day, although Canadian Pacific rose at the time 1¾ over Saturday and St. Paul 1⅜. A number of the minor granger stocks were lifted at different times and the Chicago & Northwestern stocks both made 2-point advances. Late in the day, after the indifference of the general market to this leadership was demonstrated there was an advance in the Readings. This proved equally ineffiecacious and the market closed dull and easy, considerably below the best. The movement in the western stocks, while obviously professional, seemed based on assumption of a favorable outcome for the corn crop and upon the argument of probable dividend increases.

Same Old Dividend.

Nobody assumes that the Missouri Pacific dividend this week will be changed from the 2¼ per cent semi-annual rate and the heavy outlays being made by Union Pacific are against the presumption of a present increase. But the example of the Chicago & Northwestern increase is an influential one and affects especially St. Paul. The buying of this group of stocks at the opening was sufficient to carry up the price in face of heavy London selling, induced by anxiety over the illness of the king of England. The leaders of the campaign for the advance profess to feel assurance that the July 1 settlement will be effective without any stringency of money. The foreign trade statement for May, just issued, shows a decrease in exports of upward of $22,000,000, showing that the exports of manufactures fell somewhat below those of May last year in addition to the heavy decrease in agricultural products.

Trade Balance Reduced.

For 11 months in the fiscal year the trade balance in favor of this country is thus reduced nearly $168,000,000 below that of the corresponding period of last year. The industrial department of the stock list was generally heavy. United States Steel stocks were slightly depressed by the making permanent of the injunction against the stock conversion and bond issue plan pending the appeal to the upper court.

There was a fair demand for bonds and prices were firm. Total sales, par value, $2,465,000. United States 2s coupon declined ⅛ per cent and the old 4s advanced ¼ per cent on the last call.

WALL STREET FEATURES.

Total sales for the day, 399,900 shares; par value, $2,465,000.

Western stocks were manipulated by the professional element and took on good advances, but failed to hold them at the close.

Readings advanced near the close, but soon lost out again.

King Edward's illness caused dullness in London, which was reflected in Wall street.

Assurance is felt that the July settlement will be made without any stringency in money.

The injunction against the United States Steel Corporation causes dullness in that stock.

Cattle.

The cattle market was dull for common and medium grades, which constituted the larger part of the heavy receipts, total arrivals amounting to 150 carloads. This was 25 loads in excess of last Monday, gains having been regular for several weeks. Quotations for best cattle remained fairly steady, while other grades declined from 25 to 40 cents.

Choice, 1,400 to 1,600 pounds, $7 05@7 35; prime, 1,200 to 1,400 pounds, $6 90@7 05; good, 1,050 to 1,200 pounds, $6 40@6 80; fair, 1,000 to 1,150 pounds, $6 25@6 75; fair, 800 to 1,000 pounds, $4 25@4 80; heifers, 700 to 1,100 pounds, $4 00@5 50; good fresh cows, $40 00@50 00; common to fair, $25 00@35 00.

Hogs.

Receipts of hogs were not so heavy as they were a week ago, amounting to 50 double decks, but arrivals were sufficient to cause quotations to go off on prime heavies as compared with the latter part of last week. Other grades were steady and demand was good, with the market active.

Prime heavies, $7 50@7 60; best mediums, $7 25@7 35; heavy Yorkers, $7 20@7 25; light Yorkers, $7 10@7 15; pigs, $6 90@7 00; roughs, $5 00@7 00.

Sheep and Lambs.

A liberal supply of sheep and lambs reached the East Liberty stock yards today, 40 carloads arriving. The market was slow and lower, quotations declining from 10 to 15 cents. Veal calves were higher than they were last Monday.

Best wethers, 95 to 100 pounds, $4 60@4 70; good, 85 to 90 pounds, $4 10@4 40; mixed, 75 to 85 pounds, $3 20@3 50; culls and common, $1 50@2 00; choice lambs, $5 00@5 40; common to good, $3 00@5 00; veal calves, $7 00@7 50; heavy and thin, $4 00@5 00; spring lambs, $5 00@6 75.

Crucible Steel Common Sagged Lower on Persistent Selling

CRUCIBLE WAS QUITE ACTIVE AND LOWER

Common Stock Sagged Off to the Lowest Level in Many Weeks.

PITTSBURGH COAL HIGHER

It Rose Over a Point on Light Trading—Fractional Advances in Window Glass, Fireproofing Preferred, Electric Seconds and Brewing.

The local stock market was rather slow yesterday, total stock sales being less than 5,000 shares. Price movements were anything but consistent, as is often the case in a dull market. The leader in activity was Crucible Steel common, which was under pressure nearly all day and fell off to the lowest level in many weeks. However, there was a rally from the low mark of 21½, and after the final sale at 21¾, the closing quotations were strong at 21⅞ bid. Sales were over 1,400 shares, or nearly three times as much as those of the next stock in point of activity. Two houses did nearly all the selling and the buying was rather better distributed. "Crucy" is nearly always good for a little rally after a drop of a point or two, and the stock seemed to look cheap at 21½. The preferred sold for cash on immediate delivery, the purchaser getting the dividend at the opening, but later quotations and sales were ex-dividend 1% per cent, and the close showed a net loss of ¼ for the day. United States Steel stocks did not appear to be adversely affected by the rather unexpected decision of the New Jersey court, and were dull and easy all day. The strongest stock on the list was Pittsburgh Coal common. The strength of Friday and Saturday had brought in numerous buying orders, and the price moved up easily. In fact, the advance was so quick that many of the orders, being limited to 26 or less, could not be filled, and the total sales were only 500 shares. This is surprisingly light considering that the price moved up over a point. There was very little of the stock for sale at any time. The anthracite strike has resulted in an immense increase in the consumption of soft coal by New York and other eastern cities, and the Pittsburgh Coal Company is doubtless beginning to feel the benefit.

Window Glass was another strong stock, working up to 63 on very light trading. Fire Proofing preferred rallied ⅝ on a single sale, and the Brewing stocks sold fractionally higher on light trading.

Financial Notes.

St. Paul advanced on excellent crop news.

At the close Hall bid 287 for 50 Real Estate Trust.

N. Holmes & Sons offered 25 Union Trust at 1750.

The dividend on Crucible Steel preferred is payable June 28.

Northern Securities was active yesterday in the outside market.

The Boston stock exchange will be closed today, Bunker Hill Day.

London sold in New York yesterday to the extent of about 25,000 shares.

Pittsburgh & Charleroi 6s sold yesterday at 106, the sales not being posted.

New York banks' reserves gained about $300,000 from the treasury since Friday.

Ohio Fuel Supply stock, which was heavily oversubscribed, has advanced to 27½ bid, 2½ points above par.

Bayne and Whitney & Stephenson were heavy sellers of Crucible common, each disposing of about 600 shares.

The common stock of Buffalo, Rochester & Pittsburg will be increased July 1 from $6,000,000 to $7,000,000, the holders of $1,000,000 of debentures of 1897 having notified the company that they will exercise the right to convert their bonds into common stock.

In Boston popular feeling is decidedly more bullish on the coppers, but the manipulative forces are working to prevent an advance in copper stocks by depressing Amalgamated. A Calumet and Hecla official is quoted as saying that his company is receiving many requests for copper and that he cannot see a single feature of weakness.

Compared with last year the coal shipments over Chesapeake & Ohio in April show an increase of 46 per cent, or 156,305 tons, and the movement of coke 32 per cent, or 11,466 tons. In the 10 months of the present fiscal year the shipments of coal increased nearly 13 per cent, or 557,153 tons, and coke 23 per cent. The increase in the movement of coal is due principally to the heavier eastern demand.

A copper enterprise much nearer home than most of those in which Pittsburghers have been asked to interest themselves is that of the New York and Virginia Copper Company, which owns 748 acres of land in Carroll county, Va. The land is reported by experts to be very rich in copper and the work of development has already been in progress over a year. The company's capital is $250,000, and a limited amount of treasury stock is now being offered for sale at par, $1 per share.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing and selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices and final bids and offers:

THE OIL FIELDS.

Operators in the lower southwest are keeping a close tab on the new Keener sand development, in Monroe county, Ohio. The Unity Oil Company's new well on the Harper farm, near Jerusalem, is arousing more interest than any strike of the past two months. Its location and size indicates a southwestern extension and in that direction from the initial development. Pittsburgh operators are largely interested. The production of the Unity company's gusher for the past three days averaged a little more than 500 barrels for each 24 hours. The gauges of the other wells owned by that company in that district are as follows: Harper No. 1, 140 barrels; C. E. Ketler No. 1, 100 barrels; Frank Petersman No. 1, 80 barrels, and L. A. Jones No. 1, 80 barrels. Total production of five producing wells, 905 barrels a day. No. 2 on the E. A. Jones farm is due in the sand next Thursday and should bring the production up to 1,000 or more barrels a day.

The success of the Unitl company in this development is a striking illustration of how much may depend on following up one's opinion in developing new territory. The first nine wells completed were dusters and the 10, the final test, came in a good producer and out of what looked to be defeat, brought success, estimated at several hundred thousands of dollars.

Got a Good Producer.

On the West Virginia side, in the Buffalo Run district, in Wetzel county, the Kanawha Oil Company has completed and shot its No. 74 on the John Mills tract and has a producer good for 75 barrels a day from the Gordon sand. In the same district the same company's No. 18 on the Joseph Smith heirs' farm is holding up at 100 barrels a day.

The Berea formation in the Yellow Creek district, Calhoun county, now promises to become a factor in that district. Formerly this was regarded as Gantz sand development with the salt sand as a secondary consideration. Quite recently, however, the Berea grit has been the chief factor.

On last Saturday the Lowther Oil Company drilled its No. 2 on the S. and W. B. Taylor farm and has a show for a 75-barrel producer.

South of Beall's Mills, Lewis county, the South Penn Oil Company has drilled its No. 2 on the William Griggs farm into the Gordon sand and has a show for a good producer.

West of Salem, Harrison county, the same company has completed No. 2 on the C. A. Hurst farm and will have a fair producer in the Gordon sand.

On the west side of the Fish creek district, in Marshall county, the South Penn Oil Company has completed its test well on the Jerry Mason farm and has a show for the final placed 165 barrels to its credit the first 24 hours after it had been drilled into the pay streak.

Drilled Into Gordon Sand.

In the same development No. 2 on the John Mason farm has been drilled 10 feet into the Gordon and has filled up 1,000 feet with fluid.

In the Cameron end of the Marshall county development oN. 2 on the J. F. Dobbs farm has been drilled through the Gordon sand and is showing for a small gusher.

In the Cairo district, Pitchola county, R. G. Gillespie has completed his No. 4 on the McKinley-McCollum farm and has a five-barrel pumper in the Big Injun sand.

In the St. Marys district, Pleasants county, Joseph Millison & Co. have completed and shot their test well on the S. Ankrom farm and have a show for a 5 or 10-barrel producer in the Keener sand.

In the French Creek district the Central Oil Company has completed its No. 21 on the J. R. Reynolds farm and has a 75-barrel producer in the Cow Run sand. In the Meadville district, Tyler county, Wilson & Slater have completed a test well on the Joseph Campbell farm and have a duster in the Cow Run sand.

Southeastern Ohio.

On the Ohio side, in the Wolf Creek development, in Morgan county, E. H. Jennings & Bros. have completed and their No. 10 on the John Lambo farm and have a show for a good producer.

In the same district, Benedict & Co. have completed a test well on the J. A. Randall farm and have a show for a small pumper.

In the Chester Hill district, F. M. Selby & Co. have completed Nos. 18 and 19 on the R. B. Lambert farm and have a duster and a five-barrel pumper.

In the same district J. B. Nutting has completed his No. 7 on the J. L. Mercer farm and has a small pumper. The Nutting-Southern Petroleum Company's No. 13 on the J. A. Lovell farm and Wheeler & Co.'s No. 3 on the C. F. Fox farms are good for five barrels a day.

In the Macksburg field, in Washington county, Jungfer & Bros. have drilled in their No. 16 on the Hall heirs' farm and have a good producer from the 500-foot sand. L. A. Phillips & Co.'s No. 8 on the G. Montgomery farm is light in the Gantz sand and W. R. Wickins & Co.'s No. 9 on the W. R. Wickins farm is light in the same formation.

Dried Fruits.

There has been a particularly active market in dried and evaporated fruits for a week past, the bulk of fresh fruits which buyers have been getting, seeming to whet appetites of consumers, and dried fruits have been the gainers pending the arrival of abundant fresh supplies. No changes in quotations have been made.

Evaporated apricots, in bags, 11@12c; 25-lb boxes, 12@15c; apples, in bulk, 10c; 1-lb cartons, 12@13c; peaches, 8@12c; raisins, seeded, 1-lb pkgs, 6@6½c; raisins, Muscatels, 2 and 4-crown, 50-lb boxes, 6¾@7¼c per lb; Ondaria Valencia, 8@8½c; California Valencia, 7c; raspberries, 25½@27½c; currants, cleaned, 25 and 50-lb pkgs, 7½@7¾c; California prunes, 3¾@8½c.

Oat—Oat, 77 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Fruits and Produce.

Although dealers thought last Saturday that the bottom of the tomato market had been touched, heavy arrivals yesterday proved the fallacy of human judgment, prices going still lower under the influence of enormous receipts from the south. Efforts were made by sellers to secure 80 cents for carriers, but this was only partially successful, many selling lower, below that figure. Whether quotations will now react or go still lower cannot be predicted. Louisville cabbage and green corn have been advanced, while peas, squash, watermelons and cantaloupes all declined. Receipts from other cities were:

WABASH GETS TITLE TO PENN AVENUE PLOT

No. 406, Owned by Thaw Heirs, Is Sold for $45,000.

TWO BLOCKS BRING $26,000

Offer of $300,000 for East End Property—Street Grades Being Established in Twenty-First Ward—Six New Flat Buildings.

The Pittsburgh, Carnegie & Western Railway Company continues to pick up good property along its right of way in Penn avenue and adjacent streets, its last acquisition being the lot at No. 406 Penn avenue, formerly owned by the Thaw heirs, for $45,000. Very little is known of the transaction except that it is credited to the Commonwealth Real Estate and Trust Company, which is also supposed to have sold to the Wabash the properties at Nos. 409 and 411 Penn avenue last week for $40,000 and $80,000 respectively.

The lot at No. 406 measures 24x110 feet, and is improved with a ten-room brick house. Negotiations are now pending for two more properties in the same neighborhood, which, it is said, are to be occupied by the same railroad. With these two lots secured the Wabash will have a clear right of way from Liberty avenue to Duquesne way, where it proposes to cross to Allegheny. It is also rumored that a branch line is to be run down toward the Point, below Penn avenue, to tap the line of warehouses which have been contemplated.

Woman Buys in Penn Avenue.

Through the agency of the Real Estate Trust Company Maurice Arnfeld has sold to Mrs. Mary Frauenheim the properties at Nos. 1133-1138 Penn avenue for $29,000 cash. The property has a frontage of 24 feet, and a depth of 100 feet to Spring alley, making the sale at the rate of $1,083 a front foot. The lot has erected thereon two three-story brick store buildings. By this purchase Mrs. Frauenheim, who already owns the property at No. 1134 Penn avenue, gets title to a plot 48x100 feet. Her last purchase was made for an investment and no changes will be made at present.

The Valley Trust Company has sold to C. C. Law of the Mercantile Trust Company a lot 50x150 feet in the east side of Graham street near Friendship avenue, Twentieth ward, for $10,000. The property is improved with a 12-room center hall brick house, which the purchaser will occupy as a home. This property adjoins the lot lately sold by the same company to F. J. Kress, who is having plans prepared for a $15,000 residence.

A Big East End Deal Pending.

Interest in East End realty deals is at present centered in the Thomas B. Moreland property, at the southeast corner of Penn avenue and Sheridan street, which is likely to be sold in the near future to settle the estate. The property is generally considered to be the best business lot in East Liberty, and, judging by prices recently paid for Penn avenue frontage near by, is likely to bring a very handsome figure. The lot faces 168 feet in Penn avenue, 260 feet in Sheridan street and 150 feet in Center avenue, with a depth on the other side of about 156 feet. The improvement consists of the large two-story frame stable of the Morelands and a three-story brick business block. It was reported yesterday that an offer of $300,000 had been made for the property and that two of the largest real estate holders in the city are negotiating for its purchase. The last sale of property in this immediate vicinity was the Sheridan hotel property from Leopold Vilsack to the Valley Trust Company for $65,000, or $9,250 a front foot. This lot is situated diagonally across the street from the Moreland property and the three frontages of the latter would seem to make it fully as valuable as the former.

Getting Ready for the Pennsy.

Two parties of engineers have been working the past few days making a resurvey of the property along Linden avenue, preparatory to establishing a grade which can be used by the Pennsylvania railroad in its contemplated improvements. One party was from the railroad and the other from the city. Considerable difficulty is being encountered as the main line of the Pennsylvania is about 19 feet higher than the Lincoln avenue bridge while the new branch will cross. It is said that Hamilton avenue will be cut down about eight feet and that Kelly street and Frankstown avenue, between Fifth avenue boulevard and Dallas avenue, will also suffer a cut of from five to seven feet. It is also stated on good authority that the city will be asked to vacate the north end of Linden avenue, next to Silver lake and Furness alley, which runs parallel with Kelly street, between it and Hamilton avenue. Negotiations are still pending for four properties along Linden avenue which are in the path of the immense stone walls that will be erected to hold the "fill."

New Steeples Amid the Smoke.

Six new churches are soon to be added to the list of places of worship in the Monongahela valley. Probably the finest of these structures is the St. Coleman Roman Catholic church at Turtle Creek, which will be under roof this week. It is an imposing edifice of stone and Pompeiian brick and will cost when completed $75,000. Another Roman Catholic church, that of St. Thomas, at Braddock, will have its cornerstone laid in a few days. This is the gift of Charles M. Schwab, and will cost $70,000. Three other congregations have decided upon new buildings and are now considering plans being submitted in competition by architects. These are the Sacred Heart Polish Roman Catholic church, at the corner of Sixth and Talbot avenues, Braddock, to cost $25,000, the Croatian Roman Catholic church at Rankin, to cost $20,000, and the Italian Roman Catholic church, also at Rankin, to cost $20,000. At Braddock the new Baptist church in Talbot avenue, which is estimated to cost $25,000, will be dedicated, free from debt, in a few weeks.

Big Hole to Be Covered by Flats.

What has long been an eyesore to residents of the Twenty-first ward is soon to be improved with a row of six apartment houses to cost together $60,000. The site is a big hole, formerly a part of an old ravine, on the south side of Kelly street, near Lang avenue. The owner of the ground is F. W. Bitheil, who has commissioned Architect J. E. Oditz to prepare plans for the apartments. These will be four-story brick buildings, 45x70 feet each. They will contain 48 flats of six rooms each. The entire lower floor of each is to be finished in hardwood and the other stories will have a hardwood floor. Front and rear porches for each flat will add considerably to the attractiveness of the structures and a laundry outfit on each floor is to be provided for the convenience of the tenants. A modern steam heat and electric light plant will be connected with the buildings. The foundation wall, owing to the nature of the site, will be fully 25 feet high, and a part of this space will be utilized for a cement basement under each flat. Work on the buildings will begin about July 15, and they will be completed before January 1.

Plans for Southern Buildings.

Architect D. E. Sheridan of the East End is taking bids on a four-story addition to the Ingleside seminary building at Burkeville, Va. He is also preparing plans for a brick and stone school building for the Brainerd Institute of Chester, S. C., to cost $10,000. The same architect is receiving estimates on remodeling a double brick house at the corner of Lowell and Meadow streets so as to make it accommodate six flats. The owner is S. H. Lloyd.

Architect S. Archy Barr has awarded the contract to John Ehrlanger for the six-story business block for Mrs. Caroline M. Hamilton, at the corner of Fifth avenue and Slate alley. The same architect is preparing plans for an eight-room frame house for Mrs. Annie Palmer, in Fairmount street.

Architects Milligan & Miller have awarded the contract to Webster Reed for a colonial brick and stone residence for S. M. Lee, at Ben Avon.

Architect W. J. Carpenter of Wilkinsburg has plans for a $30,000 brick and steel building for the St. Clair Improvement Company.

Architect J. F. Bailey is preparing plans for the alterations to the Roth hotel at McKeesport, to cost $8,000.

New Building Material.

Joseph Kuntz is having plans prepared for two $8,000 residences in Braddock avenue, Wilkinsburg. The houses will be built of artificial cement blocks manufactured on the ground.

Dr. J. M. Stewart of Homestead will soon build a $7,000 brick residence on a lot in the Carnegie plan, which he bought yesterday from Rattigan & Fox for $2,500.

Friendship avenue: Samuel W. Black & Co. sold for William Herb to Charles Gloeckler No. 5132 Friendship avenue, a 10-room brick house, lot 35x100 feet, for $10,000.

Park avenue: F. O. Van Gorder sold for Mary A. Reimer to Harriet B. Van Gorder a property, 69x79.5 feet, on the northwest side of Park avenue, near Craig street, Twenty-first ward, for $6,000.

Broad street: Charles E. Gallager sold to Laura M. Kelly an improved lot, 24x100 feet, on the north side of Broad street, Nineteenth ward, for $5,000.

Webster avenue: Christian Schmidt sold to Bella Feldstein an improved lot, 20x100 feet, in Webster avenue, Thirteenth ward, for $2,550.

Building permits were issued yesterday to the Fourteenth ward school board, to build a two-story brick extension to the Solo school, to cost $12,000, and to Bellefield school, to cost $10,700, and to the Seventh ward school, for a four-story brick extension to the building on Webster avenue, to cost $23,600.

Allison avenue: S. M. Arment & Co. sold to Harvey Stewart a lot, 30x120 feet, in Allison avenue, Thirty-seventh ward, for $450.

Regarding the Better

Sideboards

Frequently a person requests to see a Sideboard that is a sufficient departure from the conventional as to be outside of usual classification.

When such a person comes to McElveen's he finds no difficulty in gratifying his desire. Not even one article of furniture seen here is displayed in duplicate elsewhere. And although every piece is "unusual," some are radically different from prevailing standards. This affords such opportunity for choosing that it is easy to supply any want.

The Sideboard shown above is of most recent designing. Dignified and prepossessing, it immediately attracts the attention of discriminating customers. It is made of golden oak, 4 feet 9 inches wide, 25 inches deep; French plate beveled mirror, 48 by 14 inches; glass frame and pillars, beautifully hand carved—
